

KINGS LOCAL SCHOOL DISTRICT

8/11/2017

Dear Parents,

The Kings Local School District takes the safety and security of our staff and students very seriously. As a part of a new Ohio Revised Code requirement, the District is required to inform students and parents/guardians before the first day of school each year of our emergency parental notification protocols.

In the event of an emergency where an evacuation of the school building is necessary, we have identified off-site locations (reunification sites) to transport students to safety. We will disseminate information through our All-Call system, as well as use email, text messages, website, and district social media. Additionally, we will continue to provide updates through the above avenues as needed.

We will ask parents to be sure that their emergency contact information is up to date in our files in order to be contacted in case of emergency.

Attached to this document is a Reunification Information Document that will be used in case of an emergency. This document will assist us in releasing your child to you at the reunification site. Please take some time to fill out the form and put it in a safe place in your vehicle to be used as necessary.

Sincerely,

Dawn Gould
Community Relations Coordinator
Kings Local School District
