## FAQs

How do I Enable Translation Services for Parents?

We provide a translation service for parents to translate FinalForms to their language of preference. This service comes at no extra cost to the school district. We partner with Google Translate services to provide over 100 languages options.

**NOTE:** You need to contact Support@finalforms.com to have the Translate feature enabled.

## Directions

If a parent prefers another language they can turn on translations for their account through the following steps:

1. Click **Parent Name** in top right corner of a FinalForms page.
2. Select **Edit Profile**.
3. On the "Edit Parent" page check the box for "Enable Translation".
4. Click Update Parent .
5. The Google Translator tool is at the bottom right of any FinalForms page. Click it to select the language of preference.

**Enable Translation:** ☑ Would you like an option to translate pages?
(This option will appear in the bottom right of all screens)
