Start With Hello Week

"Start With Hello Week" is a program designed by The Sandy Hook Promise and teaches children the importance of connecting to others. We know that young children who are isolated can become victims of bullying, violence, or depression. The "Start With Hello" program asks students, educators, parents and other community leaders who interact with children to take steps in class, the lunchroom and/or other times in their day to be inclusive and connected. Throughout the week students have had various discussions and activities designed to stress the importance of looking out for kids who are alone and what they can do to connect with others.

At SLE, the students started the week out with School Counselor, Mrs. Burdine reading the *The Empty Pot*. It was a great way to start discussions on how to include other people into our daily lives. Students also learned how to say hello in the seven languages spoken at SLE, they made locker signs for students in other classrooms, played Human Bingo at recess, and made Valentine Cards for high school students.

At KME, they started the week with an assembly presented by KME Counselor, Mrs. Perdrix and Sandy Hook Promise Consultant, Alexandra Intorcio from Miami University. Students participated activities such as BINGO, Mix it Up Lunch, and a scavenger hunt.

Overall, the week was a huge success!

In Case of Emergency....

As our Kings Community knows, we use School Messenger as our emergency call system. In light of the recent bomb threats to our district this week, we would like to remind you how the system works.

EMERGENCY
Communication

We received a lot of feedback at the beginning of the year that our community would like for us to use the all-call system for emergencies only. We have been working through our policy and will try, going forward to be sure that you will only receive calls in the event of an emergency. We will, however, continue to utilize the email function for other correspondence.

Please be sure to check your child's School Messenger account for accuracy, as well as making sure that all of the email addresses and phone numbers of the contacts you would want notified in case of an emergency are entered. You will also want to be sure that you have checked the "school hours emergency" and "non-school hours emergency" boxes to receive those calls and emails. If you would like to receive general emails such as newsletters and EBBN, the "general" tab must be checked.

Each student in the district receives a School Messenger account with an activation code at the beginning of the school year. If you are having trouble accessing your account, you may need a new activation code. Your child's building secretary can help you with that.

If you have any overall questions regarding your School Messenger account, please contact your child's building secretary or contact Dawn Gould at dgould@kingslocal.net.

Preschoolers Are Getting Ready for Valentine's Day

Pictured is Mrs. Frazier's AM class.

Students and families from the 4-Day Preschool classrooms at the Kings Education Center took a field trip on Thursday, February 9. All were bundled up for a wonderful winter walk to the Kings Mills Post Office! To celebrate Valentine's Day, the students wrote love letters to their families. While at the post office, they took turns purchasing stamps and placing their letters in the mailbox. Everyone is hopeful their Valentine will arrive by the 14th!

ReDo Day at KHS

Over 150 members of the Kings High School Freshman Class participated in ReDo Day this week. For six years, the Violence Free Coalition of Warren County has brought ReDo (Respect Everyone Despite Odds) Day, an all day program that addresses the issues of bullying, stereotyping, and diversity through respect. The one day program incorporates students, as well as the high school staff and 30 student leaders from the junior and senior class, to work in small and large groups to center on creative learning experiences to help the students learn to break down stereotypical barriers and teach them how to embrace diversity.

Alex Garvin, KHS Guidance Counselor and organizer said, "This is a great way to build unity within the Freshman Class." Historically, Kings has had the largest number of students participate in ReDo day, as well as the largest participation of high school staff in all of the districts who have hosted a ReDo day.

Is it Super Bowl or Souper Bowl?

Both Kings Mills Elementary and South Lebanon Elementary conducted a friendly rivalry last week in their "Souper Bowl." Students brought in cans of soup all week to support their favorite team whether it was the Atlanta Falcons or New England Patriots.

At SLE, the Falcons Fans came out in droves to support their team 245-71. It was a little different story at KME. As Mrs. Rosekrans counted at lunchtime, the Falcons were up 496-280. Late Friday afternoon, a Patriots fan dropped off the additional cans to ensure the win. In the end, the Patriots won with a total of 652 cans to the Falcons' 496. (It almost reminds us of what happened in the actual game where the Patriots came back from a 28-3 deficit.) So, it looks like there was a split between the two schools.

However, the biggest winner in this year's "Souper Bowl" is the South Lebanon Food Pantry. A total of 1,464 cans of soup were collected and will be donated to the Pantry this week! Now THAT's a #W!

Sharpening Writing Skills in Fifth Grade

Mrs. Rawn's 5th graders at Columbia Intermediate are studying opinion/argument writing. Students are working on writing and defending claims. The students pictured are sharing their claims with one another using sentence strips.

This is a method Mrs. Rawn learned recently while attending the Ohio Writing Project. Students learned that a good claim is defensible and debatable.
