Community Enrollment Meetings

We completed two of our Community Enrollment Meetings this week. We were pleased with the turnout of our community and appreciate the insight and feedback they have given. Mr. Tim Ackermann, Kings Superintendent said, "The nights have exceeded my expectations and were very informative."

There is one more opportunity to hear about the issues surrounding the growing enrollment of our district. Mr. Ackermann will present data that has been provided to us through a company called Decision Insite. Please join us on Wednesday, October 28 at South Lebanon Elementary at 6:30 p.m.

It is important that our Kings Community join us in participating in this meeting to talk about the issues and give us feedback surrounding the growing enrollment. Be a part of the conversation!

As a convenience for families and to also reach students who may not otherwise receive immunization against the flu, we will be offering flu vaccination clinics on Tuesday, October 20, 2015 at all 6 of our school buildings.

For the health of all of our students, staff, and your family we encourage you to obtain a flu vaccination for your child and your family through your healthcare provider or pediatrician.

Health Heroes, Inc. will be offering nasal FluMist vaccine for our students with **no** deductibles or out of pocket expenses. Private insurance companies and Medicaid will be billed. Students with no insurance will be provided their flu vaccine at no cost.

KHS MH Class Visits Joe Nuxhall Miracle League Fields

Reds Hall of Fame pitcher and announcer Joe Nuxhall had an idea to create a baseball facility for people with challenges. He believed that every kid, with every challenge, should get a chance to play baseball. While he didn't live to see the reality of this type of field, his son, Kim made his father's dream come true by opening the Joe Nuxhall Miracle League Fields, located in Fairfield.

This week, the students in Angela Zlatic and Junior Ili's Multiple Handicapped Classrooms at KHS had the chance to visit the baseball park. While there the students were able to enjoy playing baseball, kickball, and whiffle ball on a field that is safe and accessible.

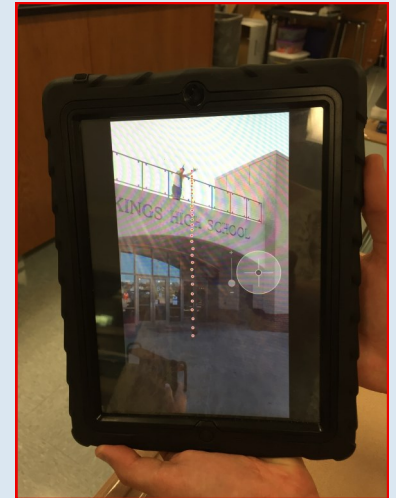

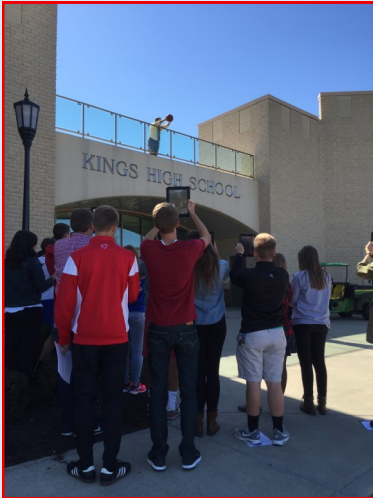

This is the second year that our KHS students have visited the facility.

Using iPad Apps in Physics

This week, the Advanced Placement Physics classes from Kings High School used an app on the iPads called Vernier Video Physics and Graphical Analysis. They took videos of Mr. Corradini and Officer Downs dropping pennies and basketballs off of the front roof of the school.

Students then used these videos in the app to plot points, make graphs, and send and share the data with their lab partners.

JFB Teacher Bungee Challenge

As a part of the Boosterthon fundraiser at J.F. Burns Elementary, one of the prizes was a bungee rocket. The JFB staff had a challenge with these bungee rockets playing each other similar to dart wars. The winner of the Bungee Challenge was Angie Donnelly!
