Dear Students and Parents,

Welcome to Kings Local School District! The purpose of this handbook is to provide you with some useful information about our school system. The policies, rules and regulations, schedules, and general information will help you to know more about our daily operation. Your acceptance and adherence to the policies will enhance everyone’s educational experience.

As school opens, you can be sure that the teachers, administrators, and your PTO have resolved that this school year will be the best one yet! We want to do everything we can to help our students succeed. If there is anything that you feel we can do to help our students have a successful year, please do not hesitate to let us know.

We always stress good attendance. It is a fact that students who attend regularly and miss only a few days during the school year achieve higher standards than those students that have poor attendance habits. Please take a few minutes to review the attendance section of the handbook.

Research shows that when home and school work together, education is enhanced for your child. When educators, parents and students work together as a unit, we can provide workable solutions to help solve our country’s problems. A solid education for each child is necessary to insure our country’s unity and success. Our children hold the key to the future and we as parents and educators need to do our part to help them realize and achieve their goals.

Sincerely,
Kings Local School District

A LETTER FROM MRS. MONTAG

Dear JFB Families,

The staff and I would like to welcome you to J.F. Burns Elementary! We hope the new school year will be challenging, rewarding, and filled with opportunities for all children.

The purpose of this handbook is to provide you with information about school policies and procedures. Please take time to read this handbook with your child. It is our hope that the information found in this book will help maintain an open and effective communication between home and school.

We believe that the school and parents are active partners in education. It is therefore important that we work together in providing the very best learning environment and opportunities for our children.

Our goal at JFB is to provide a warm, caring environment where children develop a positive self-image and self-initiative along with the basic skills they need to carry them into the future. I urge you to discuss each school day with your child, conference with his/her teachers, and be involved in your child’s education in as many ways as you can.

I wish each of you an enjoyable and exciting school year! I am always willing to talk with you at any time.

Sincerely,
Cheryl Montag
Principal

**ARRIVAL AND DISMISSAL**

**School Hours**

8:40 AM- 3:20 PM

School begins at 8:40 and dismisses at 3:20. Students should not arrive at school any earlier than 8:35 and they must be in their classroom promptly. The school cannot be responsible for supervision of students before 8:35 AM or after 3:30 PM.

When your child needs to be picked up early, please write a note to the teacher. Remember to come into the building and sign your child in/out. For your child’s safety, we will not permit your child to leave the building without adult supervision. **A driver’s license will need to be provided for identification purposes.**

**We cannot honor changes to dismissal over the phone or through email unless it is an emergency situation.**
Student Attendance Code of Conduct

Documentation for Absences, Tardies and Early Dismissals

All students are expected to attend regularly and to be on time for classes in order to gain the maximum benefit from the instructional program and to develop habits of punctuality, self-discipline, and responsibility. We will work towards perfect attendance each day; however, your child should stay home if they have a fever or are ill.

Parents need to call the attendance line by 10:00 AM (398-8050, press 42) when your child is going to be absent for the day, or tardy. The office staff will call any child’s parent who does not contact the school. This is an Ohio State law and is designed to protect our children.

Students who are absent from school during the day are not permitted to take part in after school programs/activities unless special permission has been approved by the principal.

Truancy Laws in Ohio have been amended with the passage of the HB 410 and all schools are required to keep track of the number of hours each student is in school. Starting in the 2017-2018 school year, schools will also report time out of school as an “occurrence” instead of an absence. Generally, twelve (12) occurrences from school, which include full days, partial days, tardies and early dismissals, may be documented by a parent/guardian phone call/fax, note or email. This includes all excused and/or unexcused occurrences, tardies and early releases. All instances indicated shall count as (1) occurrence, whether the absence is a full/partial day, tardy or early release from school.

Medical notes shall NOT count against the (12) occurrences that a parent may excuse. Absences, full and partial days, tardies and early dismissals in excess of (12) occurrences may not be excused by a parent/guardian and shall require documentation by the child’s treating physician, nurse practitioner, or physician’s assistant- unless an occurrence is otherwise excused by the Principal due to unusual circumstances.

The foregoing general rule is for the convenience of school officials in the administration of this attendance regulation. This rule does not create an entitlement for a student to be absent from school 12 times. Application of this general regulation may be waived by school officials where circumstances indicate that its application does not serve the student’s best interest. Those circumstances include, but are not limited to: the student’s attendance in the current or prior school years; instances where students/parents have been adjudicated guilty for truancy related offenses or currently under active supervision or probation. Excused occurrences from school shall be granted only on the condition of a note from a physician, nurse practitioner, physician’s assistant, or excused by the school Principal.

Nothing contained in this attendance regulation is intended nor should be construed as restricting the discretion of school officials to make such inquiries and request such verification/documentation as is reasonably necessary to determine if an occurrence (full day absence, partial day absence, tardy or early dismissal) is excused.

Policy continued next page
Tardiness
Being punctual to school is the minimum expectation that we have for all of our students. Any student arriving in class in their assigned seat after the start time of the student’s school must report directly to the attendance office to obtain a tardy slip. The tardy slip must be presented to the teacher to be admitted to class. The attendance office will track tardies and report to the administration. Each tardy to school, unless medically excused, will count towards a student’s 12 occurrences allowed in a school year. Chronic tardiness, eight (8) or more in a semester may result in after school detention, Thursday school, referral to counselor, in-school suspension or loss of driving privileges.

Early Dismissal
Students must bring in their early dismissal note to the attendance office in the morning before school starts. All early dismissals, unless medically excused, will be counted toward the student’s (12) occurrences in the school year. In all cases, a parent/guardian will be contacted to provide permission and a valid reason for the early dismissal. When a student arrives on the campus property he/she is under the jurisdiction of the school district until the end of the day. No student may leave the premises during the school day without proper authority from the attendance office. Also, no student will be permitted to return to school unless an “off-grounds” pass has been issued with a return time marked on it.

Absences
Students who miss school are required to have their parent/guardian contact the attendance office within 2 hours of the student’s school start time. Please refer to your child’s designated school for school start times.

If the school does not receive notification, a phone call will automatically be made to the parent/guardian. If the parent/guardian fails to contact the school, the absence will be considered unexcused until a parent/guardian makes direct contact (within 5 days) with the attendance office to verify the student’s absence.

All notes parent/guardian or physician must be submitted to the attendance office within five (5) days of the absence, otherwise the absence will be unexcused.

District Responsibilities:
The school, in compliance with Ohio Truancy Laws and HB 410, has established the following intervention strategies to avoid unexcused occurrences, partial and full days, tardies and early dismissal.

- If a student acquires 38 hours of combined excused and unexcused occurrences in one month or 65 hours of combined excused or unexcused occurrences in one school year, a warning letter will be mailed to the parent/guardian.

- If a student acquires 45 hours of unexcused occurrences a Truancy Education Meeting will be scheduled. This group meeting will be held in your child’s school district. The purpose of this meeting is to advice parents/guardians of the new truancy laws, school policy, and student current attendance records.

- The following are the thresholds that are defined in the Ohio Revised Code and serve as the definition of a Habitual Truant:
  - 30 consecutive hours of unexcused occurrences from school, OR
  - 42 hours unexcused occurrences from school in a school month, OR
  - 72 hours unexcused occurrences from school in a school year.

Policy continued next page
Should a student meet any of these thresholds during the school year, an Absence Intervention Team meeting will be scheduled by the Truancy Officer, for the purpose of developing an Absence Intervention Plan.

The team shall consist of the student, parent/guardian or their designee (a pre-approval FERPA form release for a designee to attend in a parent’s place must be filed by the parent for the designee to participate in the Absence Intervention Team meeting), school administrator or their designee, and attendance officer. The team may also include the school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences and representative of the Juvenile Court.

If the parent/guardian fails to attend or otherwise respond and participate in the Absence Intervention Team, the school shall do both of the following:

- Investigate whether the parent/guardian’s failure to attend triggers mandatory reporting to the public children services agency or instruct the Absence Intervention Team to develop an intervention plan for the child notwithstanding the absence of the parent/guardian.

- If the student fails to comply with the Truancy Intervention Plan and meets the legal definition of habitual truant, charges will be filed in Warren County Juvenile Court.

**BOARD POLICY BOOKS**

Board of Education Policy Books are available for staff, parents, and community members and are available on the Kings website.

**CAFETERIA INFORMATION**

Eating lunch is a special time of day for children. This is when many socialization skills are developed.

Menus are posted on the Kings Local website. Copies of the menu are available at the school office. Copies of the menus will not be distributed to each individual student however upon request copies of the menu can be requested from the Food Service Director: jarlinghaus@kingslocal.net

*Menus are subject to change due to supplies, deliveries, and other varying factors.*

**Prices:**
- Breakfast - $1.25
- Reduced Breakfast - $.30
- Lunch - $2.50
- Reduced Lunch - $.40
- Milk - $.55

The cafeteria utilizes a computerized cash register system. This system allows quick, secure access to any pertinent student information (i.e., free meal eligibility, allergies).

When students purchase items (i.e., lunch, milk, snacks, etc.) regardless of the method of payment (cash or check), students will be required to enter their student ID number. As the ID is entered, the student’s name, picture and other detailed information will appear on the cashier’s register. We appreciate your assistance in helping your child to memorize this number. Lunch payments can be made in two ways.
Payment Methods

1. Student can turn in money on the first school day of each week to their teacher. We encourage parents to pay on a weekly or monthly or quarterly basis. The money will be placed onto their account by Food Service staff;

2. Parent(s) can place money on to student’s account utilizing a web-based prepayment lunch fee system called PayForIt (www.payforit.net).

Free and Reduced Lunch - Parents may apply for free or reduced lunches by filling out an application for free and reduced priced meals. The form for Free/Reduced Lunch can be accessed on the Kings Local School District website, or in the school office.

Students who are approved for free or reduced priced meals at the end of the last school year are temporarily qualified (until October 1st) to begin the new school year in that manner. New forms must be completed and approved each school year. Failure to re-apply will result in the suspension of the meal program until the new application is received and processed. Anyone not previously approved on the program may apply at any time during the course of the school year. Parents will be responsible to pay full price lunches until the new application has been processed. All information is kept confidential. Students are NOT permitted to purchase or share food with one another, due to allergy concerns!

The cafeteria is the same as you would have at home. We ask that students make good choices, show respect and take responsibility in the cafeteria.

“It’s in the Bag” Sack Lunch - A sack lunch is available to all elementary students for any field trip or event with two days prior notice. To order a sack lunch, please contact your child’s school kitchen. The cost of this sack lunch is $2.50.

CARE OF SCHOOL PROPERTY

Students are responsible for the proper care of all books, supplies and furniture supplied by the school. Desks and lockers are subject to inspection at any time. Students, who disfigure property, break windows or do other damage to school property or equipment, will be required to pay for the damage done or replace the item. If necessary, local law enforcement will be notified.

CHANGE OF ADDRESS

It is very important that the school always has your correct contact information. Therefore, whenever your address changes please contact, Amy Andrews at Central Registration so the appropriate forms can be filled out and notarized; 513-459-2932 or centralregistration@kingslocal.net.

CHILD ABUSE

The Kings Local Board of Education shall comply with the requirements of the child abuse and neglect provisions of the Ohio Revised Code. It is mandatory for all school employees to report suspected child abuse and neglect to the proper authorities. (ORC2151.421)
CLASSROOM VISITATIONS BY PARENTS

Requests to visit your child’s classroom are to be made at least 24 hours in advance with the building principal. Your child’s teacher will be notified in advance and given the opportunity to request an alternative date if the time requested is not appropriate. Parent’s MUST come into the office and receive a Visitor’s Pass and sign in. This policy safeguards the rights of all students and the teacher. Classroom visits will be limited to thirty minutes and multiple visits to the same class are discouraged unless the reasons are judged acceptable by the principal. Only parents of students in the classroom may visit the classroom upon following the procedures. Visiting classrooms for the purpose of selecting a future teacher is not permitted.

CLINIC/NURSE

Our school nurse, is available on a daily basis for our students. She can be reached at Ext. 16057. It is sometimes difficult to decide when and how long to keep an ill child home from school. The timing of the absence is often important in order to decrease the spread of disease to others and to prevent your child from acquiring any other illness while his/her resistance is lowered. The following guidelines represent the more common childhood illnesses.

Chicken Pox: A skin rash consisting of small blisters, which leave scabs. A slight fever may or may not be present. There may be blisters and scabs all present at the same time. Your child should remain home until all blisters have scabbed over, usually 5 - 7 days after the appearance of the first crop of blisters.

Common Cold: Irritated throat, watery discharge from the nose and eyes, sneezing, chills and general body discomfort. Your child should remain home if symptoms are serious enough to interfere with your child’s ability to learn. Medical care should be obtained if symptoms persist beyond 7-10 days, fever develops, or discharge becomes yellow to green.

Fever: If your child’s temperature is 100 degrees Fahrenheit or greater (or 1 or 2 degrees above the child’s normal temperature) (s) he should remain home until (s) he has been without fever for a full 24 hours. Remember, fever is a symptom indicating the presence of an illness.

Flu: Abrupt onset of fever, chills, headache and sore muscles. Runny nose, sore throat, and cough are common. Your child should remain home from school until symptoms are gone and the child is without fever for 24 hours.

Head Lice: Lice are small grayish-tan, wingless insects that lay eggs called nits. Nits are firmly attached to the hair shafts, close to the scalp. Nits are much easier to see and detect than lice. They are small white specks, which are usually found at the nape of the neck and behind the ears. Following lice infestation, your child may return to school after receiving treatment with a pediculicide shampoo. Upon returning to school a re-check by the school nurse is required.

Pain: If your child complains, or behavior indicates that (s) he is experiencing persistent pain, (s) he should be evaluated by a physician before your child is sent to school.

Pinkeye: Redness and swelling of the membranes of the eye with burning or itching, matter coming from one or both eyes, or crusts on the eyelids. Your child should remain home from school until receiving 24 hours of antibiotic therapy, as determined by your physician, and discharge from the eyes has stopped.

Skin Rashes: A physician should evaluate skin rashes of unknown origin before your child is sent to school.

Strep Throat and Scarlet Fever: Strep throat usually begins with fever, sore and red throat, possibly pus spots on the back of the throat, tender swollen glands of the neck. With scarlet fever there are all the symptoms of strep throat as well as a strawberry appearance to the tongue and rash of the skin. High fever, nausea and vomiting may also occur. Your child should remain home from school until receiving a full 24 hours of antibiotic therapy and until without fever or vomiting for 24 hours. Most physicians will advise rest at home 1-2 days after a strep infection.
Vomiting and Diarrhea (Intestinal Viral Infections): Stomach ache, cramping, nausea, vomiting and/or diarrhea, possible fever, headache, and body aches. Your child should remain at home until without vomiting, diarrhea or fever for a full 24 hours. If your child has had any of these symptoms during the night, (s)he should not be sent to school the following day.*

PLEASE KEEP THESE GUIDELINES FOR FUTURE REFERENCE. *Adapted from School Nursing Services – Hamilton County Educational Service Center.

ILLNESS/INJURY AT SCHOOL

In case of illness or injury, the student must notify the teacher/office immediately. Every attempt will be made to contact the parent by phone. If we are unable to contact the parent the next emergency person listed will be contacted.

The school will release sick children only to the child’s custodial parent or person listed on the emergency medical form or nurse’s card. Children who become ill at school can be better cared for at home by their parents. The parents are responsible for informing the school of emergency medical treatment that they desire for their child. This includes the name of the doctor they wish to treat the child and the hospital they wish to care for the child in an emergency. The school must have an emergency medical form on file in order for students to receive this emergency treatment.

IMMUNIZATION REQUIREMENTS

In compliance with the Ohio Revised Code, it is mandatory for the school to have a copy of your child’s immunization records on file. This must be a dated record listing the month, day and year of each required immunization. Below are the Immunization requirements for school:

If you have any questions regarding your child’s required immunizations, please contact Karen Ferrarelli at Ext. 16057, your physician/pediatrician or the Nursing Division of the Warren County Health Department, 695-1464. Please act on this information as quickly as possible so that your child is eligible for a happy experience when he/she begins school. Students who fail to comply with the immunization requirements will be excluded from school until they are compliant.

**CODE OF CONDUCT**

District administrators, principals, teachers, substitute teachers, teachers’ aides, student teachers, office personnel, bus drivers, custodians, cooks or any authorized school personnel have a right to make and establish reasonable rules/regulations/procedures/requests (hereafter referred to as rules) which are to be followed in order to guarantee each student the excellent climate they deserve. This handbook is part of those rules. Violation on the part of a student of any one or more of the rules may result in disciplinary action; including (but not restricted to): student conference, parent conference, denial of privilege(s), restrictions placed, payment for damages, detention(s) (study/work), in-school discipline, confiscation, suspension, emergency removal, involvement of the proper legal authorities and/or expulsion, removal from extracurricular activities. Counseling may be required (on its own or in conjunction with any of the above). Penalties will increase in severity for repeated violations of school rules and regulations.

The specific penalty will be assigned by the administrator based on the information available, the nature of the incident/act, the discipline history of the student(s) and the severity and frequency of rule violations.

**STUDENT CODE OF REGULATIONS**

Any pupil engaging in the types of conduct either specifically or generally like the kinds of conduct listed below is subject to: expulsion, in-school discipline, out-of-school suspension, emergency suspension, or removal from curricular or extracurricular activities pursuant to 3313.66 Ohio Revised Code. The types of conduct prohibited by this code of regulations are as follows:

1. Damage or destruction of school property on or off school premises
2. Damage or destruction of private property on school premises or in areas controlled by the school
3. Damage or destruction of property belonging to a school employee or anyone connected with the school district, whether on or off school premises

46. Sell, offer to sell, or possess a controlled substance on school premises or at a school related function (trafficking in drugs)

47. Carrying concealed weapons

49. Any type of prohibited activity listed herein engaged in by a student on school premises, on a school bus, or while in the control or custody of the school district regardless of whether on or off of school premises or at a school-related activity regardless of location shall be reason for expulsion, suspension, removal or permanent exclusion from school

50. Commission by a pupil of any crime in violation of the Ohio Criminal Code, Ohio Traffic Code, or the Ohio Juvenile Code on school premises or while in the control or custody of the school district regardless of whether on or off school premises, or at a school-related activity regardless of location

51. Any other activity by a pupil which the pupil knows or should know will disrupt the academic process or a curricular or extracurricular activity while on school premises or while in the control or custody of the school district regardless of whether on or off school premises or at a school-related activity regardless of location

52. Stealing; possession of property belonging to others

53. Possessing or use of any type of communication device(s)/system(s), including, but not limited to, “beepers”, cellular phones, etc.

54. Violation of the acceptable use policy

55. The use of the following recreational devices is not permitted, including but not limited to CDs, radios, electronic games, laser pointers, and MP3 players.

**Dangerous Weapons Policy:** The Board of Education is committed to providing the students of the district with an educational environment that is free of the dangers of firearms, knives, and other dangerous weapons. Sections 3313.66 and 3313.61 of the Ohio Revised Code requires that the superintendent of a city, exempted village or local school district expel a student for a period of one year for possession or bringing a firearm and/or knife on school property, in a school vehicle or to any school sponsored event. In addition, a student may be expelled for reasons beyond the possession of a firearm or knife. The definition of a firearm shall include any weapon (including a starter gun) that will, or is designed to be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device (as defined in 18 U.S.C.A., Sections 921-924), that includes, but is not limited to any explosive, incendiary, or poisonous gas, bomb, grenade or rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than ¼ ounce, a mine or device similar to any of the devices described above.

Students are prohibited from possessing or bringing a firearm and/or knife (a cutting instrument consisting of but not limited to, a sharp blade fastened to a handle) on school property, in a school vehicle or to any school sponsored activity. If a student brings a firearm and or knife on school property, in a school vehicle or to any school activity, the superintendent shall expel this student from school for a period of one calendar year. Any such expulsion shall extend, as necessary, into the school year following the school year in which the incident occurred. The superintendent may reduce this requirement on a case-by-case basis in accordance with State Law.

The Board of Education may extend the right to expel a student for reasons beyond the possession of a firearm or knife. Students who possess or use other dangerous weapons, that are defined but not limited to, metal knuckles, straight razors, explosives, noxious irritation or poisonous gases, poisons, drugs or other items possessed with the intent to use, sell, harm, threaten or harass students, staff members, parent or community members, may be subject to expulsion.
Respect for One Another: Students shall conduct themselves in a manner that recognizes the worth of all individuals, regardless of class, race, nationality, gender, sexual orientation, disability, religion or creed. Any student’s conduct that is a threat to the rights and property of others is prohibited.

Hazing and Bullying (Policy)
(Harassment, Intimidation and Dating Violence)
Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Throughout this policy the term bullying is used in place of harassment, intimidation and bullying.

Bullying, harassment and intimidation is an intentional written, verbal or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes both mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property or at a school-sponsored activity.

Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

The District includes, within the health curriculum, age-appropriate instruction in dating violence prevention education in grades 7 to 12. This instruction includes recognizing warning signs of dating violence and the characteristics of healthy relationships.

Prohibited activities of any type, including those activities engaged into via computer and/or electronic communications devices, are inconsistent with the educational process and are prohibited at all times. No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the Superintendent/designee and appropriate discipline is administered.

The Superintendent/designee must provide the Board President with a semiannual written report of all verified incidents of hazing and/or bullying and post the report on the District’s website.

The administration provides training on the District’s hazing and bullying policy to District employees and volunteers who have direct contact with students. Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law.

No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

NOTE: The terminology of bullying in this policy also includes harassment and intimidation and is defined as an intentional written, verbal or physical act that a student has exhibited toward another particular student more than once. The behavior causes both mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student.
Violence within a dating relationship is also included in this prohibition against harassment, intimidation and bullying. Hazing and Bullying (Regulation) (Harassment, Intimidation and Dating Violence)
The prohibition against hazing, dating violence, harassment, intimidation or bullying is publicized in student handbooks and in the publications that set the standard of conduct for schools and students in the District. In addition, information regarding the policy is incorporated into employee handbooks and training materials.

School Personnel Responsibilities and Complaint Procedures
Hazing, bullying behavior and/or dating violence by any student/school personnel in the District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. Hazing bullying and/or dating violence means any intentional written, verbal, graphic or physical acts, including electronically transmitted acts, either overt or covert, by a student or group of students toward other students/school personnel with the intent to haze, harass, intimidate, injure, threaten, ridicule or humiliate. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity; in any District publication; through the use of any District-owned or operated communication tools, including but not limited to District e-mail accounts and/or computers; on school-provided transportation or at any official school bus stop.

Hazing, bullying and/or dating violence can include many different behaviors. Examples of conduct that could constitute prohibited behaviors include, but are not limited to:

1. physical violence and/or attacks;
2. threats, taunts and intimidation through words and/or gestures;
3. extortion, damage or stealing of money and/or possessions;
4. exclusion from the peer group or spreading rumors;
5. repetitive and hostile behavior with the intent to harm others through the use of information and communication technologies and other web-based/online sites (also known as “cyber bullying”), such as the following:
   A. posting slurs on web sites, social networking sites, blogs or personal online journals;
   B. sending abusive or threatening e-mails, web-site postings or comments, instant messages, text messages, phone calls, and/or voicemails;
   C. using camera phones or other photographic devices to take embarrassing photographs or videos of students and/or distributing or posting the photos or videos online and
   D. using web sites, social networking sites, blogs or personal online journals, e-mails, instant messages, text messages, phone calls, and/or voicemails to circulate gossip and rumors to other students.
6. excluding others from an online group by falsely reporting them for inappropriate language to Internet service providers.

If these acts take place on school property, or if off-campus activity results in a disruption to the educational process, a student may face disciplinary consequences.

In evaluating whether conduct constitutes hazing or bullying, special attention is paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim and the motivation, either admitted or appropriately inferred.

Teachers and Other School Staff
Teachers and other school staff who witness acts of hazing, bullying and/or dating violence as defined above, promptly notify the building principal/designee of the event observed, and promptly file a written incident report concerning the events witnessed.
Teachers and other school staff who receive student or parent reports of suspected hazing, bullying and/or dating violence promptly notify the building principal/designee of such report(s). If the report is a formal, written complaint, the complaint is forwarded to the building principal/designee no later than the next school day. If the report is an informal complaint by a student that is received by a teacher or other professional employee, he/she prepares a written report of the informal complaint that is forwarded to the building principal/designee no later than the next school day.

Complaints -
1. **Formal Complaints** - Students and/or their parents or guardians may file reports regarding suspected hazing, harassment, intimidation, bullying and/or dating violence. The reports should be written. Such written reports must be reasonably specific including person(s) involved; number of times and places of the alleged conduct; the target of suspected harassment, intimidation and/or bullying and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator. They are promptly forwarded to the building principal/designee for review and action.

2. **Informal Complaints** - Students, parents or guardians and school personnel may make informal complaints of conduct that they consider to be harassment, intimidation and/or bullying by verbal report to a teacher, school administrator or other school personnel. Such informal complaints must be reasonably specific as to the actions giving rise to the suspicion of hazing, harassment, intimidation and/or bullying, including person(s) involved, number of times and places of the alleged conduct, the target of the prohibited behavior(s) and the names of any potential student or staff witness. The school staff member or administrator who receives the informal complaint promptly documents the complaint in writing, including the above information. This written report by the school staff member and/or administrator is promptly forwarded to the building principal/designee for review and action.

3. **Anonymous Complaints** - Students who make informal complaints as set forth above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. The anonymous complaint is reviewed and reasonable action is taken to address the situation, to the extent such action (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of hazing, bullying and/or dating violence.

**Sexting Policy**
The taking, disseminating, transferring or sharing of obscene, pornographic, lewd or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, emailing or sexting, etc.) may constitute a crime under State and/or Federal law. Any person taking, disseminating or sharing obscene, pornographic, lewd or otherwise illegal images or photographs may be punished under the schools code of conduct and will be reported to law enforcement and/or other appropriate state or federal agencies, which may result in arrest, criminal prosecution and lifetime inclusion on sexual offender registries.

**COMMUNICATION**
Effective communication is a very important aspect of making a successful year for the students, parents and staff. It is our goal to keep the lines of communication open throughout the year. Parents may contact the teacher through notes, e-mail or voice mail. A building newsletter is emailed home weekly from the principal. School Messenger is an instant alert and communications system that allows for the dissemination of important school information to District and/or JFB families quickly and effectively. It is important that the school has current email and contact information.

**CUSTODY CONCERNS**
State law requires that a child’s parents or legal guardians reside within the school district unless other arrangements for tuition have been made. Parents have an obligation to inform the school anytime the custody of a child changes. The school officials will need to see and copy court orders pertaining to a child’s custody. Without
official court documents stating otherwise, both birth parents have equal rights to educational decisions regarding their child, which include access to records and to their child. Either parent may sign their child out of school early unless we have an official court document stating otherwise. Step-parents have no rights to records, reports or conferences unless the custodial parent confers these rights.

**DRESS CODE POLICY**

Basic considerations for dress and appearance are that they must be in good taste, not disruptive to the educational process, and not pose a threat to the health, welfare, or safety of the individual or of other students. Dress is also expected to be clear and free of ornamentation that can cause damage to school property. Clothing that could constitute a safety hazard to the wearer is also prohibited. The determination about whether an item or style is objectionable under these guidelines is left to the judgment of school officials.

Violation of the dress code can result in removal from class until the violation can be resolved, and/or disciplinary action can be taken. If a staff member deems an item of apparel as inappropriate and a distraction to the educational environment, this may be considered as a violation of the dress code. It is a violation of JFB Code of Regulations for Conduct to be in violation of the dress code. General guidelines are as follows:

1. No short shorts and miniskirts that end above extended arms and fingertips or six inch inseam.
2. No shirts and blouses that expose the midriff.
3. No tank tops, muscle shirts and halters. Boys must wear shirts with sleeves. A shirt or other garment must cover sport bras.
4. Hats, coats, bandanas, and sunglasses are not to be carried to or worn in class.
5. Clothing that promotes hate, profanity, vulgar or negative messages are not permitted. Anything advertising or related to alcohol, tobacco and drugs, or anything sexually explicit is not permitted. This also includes references to weapons or other items which have negative connotations in a school setting.
6. Transparent garments, open mesh garments, or garments with large open sides cannot be worn without an underliner or T-shirt.
7. Shoes must be worn and must not present a safety hazard,
8. No biking pants or spandex.
9. Hair must be clean, worn out of the eyes and groomed at all times. No extreme, distracting makeup or hair
10. Body-piercing adornments are to be worn in the ears only and are not to be distracting.
11. Pants, jeans or shorts are to be worn at waist level. If a belt is worn, it must be of proper length.
   Undergarments are not to be exposed.
12. No dog collars, spiked bracelets or chains that could be dangerous to others, self, or school property can be worn.
13. No gang or cult related items of any kind will be tolerated.
14. Cutoffs, tattered clothing, and clothing with holes should not be worn. Pants are not to drag on the ground.
15. “Tattoo stickers” that violate other aspects of the dress code policies must remain covered during the school day.
16. Headphones, earbuds and other similar items do present a safety hazard with regard to a student being able to hear and follow instructions. Students are expected to remove them and put them away upon request during the hours of the school day. If repeated violations occur, the item may be confiscated.

**EMERGENCY SCHOOL CLOSING**

In the event that inclement weather or another emergency would require the cancellation or a delay of the school day, the community will be notified by the “School Messenger” system, local radio, television stations and the Kings Local School District website (kingslocal.net). Please listen to any of the major radio stations in the area. We ask that you NOT call the school line in order to keep it open for emergencies.
FEES AND COLLECTION
Supply fees for consumable materials (paper, workbooks, science items, etc.) are charged each year by the Board of Education to all students. The Board sets the cost of fees from recommendations by the building principals and staff. School Fees for the 2018-2019 school year are as follows:

- Kindergarten $59.00
- First grade $65.00
- Second grade $60.00
- Third grade $74.00
- Fourth grade $77.00

Parents are asked to pay for fees no later than September 14, 2018, and must not combine checks for other costs (school pictures, lunches, milk, etc.). Parents are encouraged to pay by check with the student’s full name(s) in the memo section. Families experiencing financial difficulty may request a payment plan. Students enrolled during the second semester are required to pay half of the fee amount of $25.00.

Outstanding School Fees
Outstanding school fees are carried over from year to year. They do not go away and could cause your child not to participate in graduation from high school.

FIELD TRIPS
Field trips can be a valuable learning experience for students as an extension of the education received in the classroom. All students are required to take part in the field trip experiences (unless excused for medical reasons) because field trips are a part of their education.

Field trips do require fees to cover the cost of admission, however we do not want this to be a reason for a student not to participate. Please contact the teacher or principal if the costs are prohibitive for your family.

Parents receive a field trip form at the beginning of each school year to update. This form is good for all field trips throughout the year and gives your permission for your child to attend all trips. Information on each trip will be given at least a week in advance by your child’s teacher. The school will NOT accept permission over the telephone. Depending on the circumstances of the planned trip, parents can serve as chaperones. Even if the parent is a chaperone, all students are required to ride the bus to and from the field trip. Younger siblings will not be permitted to go on field trips with their parents due to legal and safety regulations.

GRADING SCALE
The district grading scale is as follows:

- 90 – 100 = A
- 80 – 89 = B
- 70 – 79 = C
- 60 – 69 = D
- 59 or below = F

GUIDANCE PROGRAM
Guidance services are available for every student in the school. These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study helps, help with home, school and/or social concerns, or any question the student may feel they would like to discuss with the counselor.
Occasionally a student may require ongoing treatment by a private counselor or psychologist. If this need becomes apparent, or if suggested by the school, the Warren County Center for Mental Health is available (933-1354).

**KINGS LOCAL SCHOOL DISTRICT POLICY REGARDING DRUG AND SUBSTANCE MISUSE AND ABUSE**

Below is a description and reasons for adopting this policy:

Since the use of drugs, alcohol and other chemicals among young people have become a major problem in our county and because the use and availability of these substances on school campuses interfere with the educational process; this policy is adopted and implemented. The policy is designed to help remove the influence of drugs, alcohol and other chemicals from the school environment. While the family has the primary responsibility for the treatment of chemical abuse as a health problem, the Board recognized that the schools have a responsibility to advise parent/guardians of instances when chemical use by a student is witnessed or discovered. The Board shares the family concerns as they deal with this problem because of the adverse effect that chemical abuse has on the individual, the family, the school environment and the educational process. For this reason, and because the Board is responsible for providing a climate conducive to learning, the Board has authorized the superintendent, principals, and appropriate core staff members to develop and implement rules and regulations to carry out this policy and to provide appropriate prevention and intervention programs for our students. It is also the intent of the Board to provide students, staff members, both classified and certified, and community members with an education program that is preventative in nature, designed to help students and staff who are having problems related to drugs or alcohol.

The district will maintain a K-12 drug and alcohol prevention curriculum, develop and maintain a system of identification and referral, keep the community aware of the problems in the district and the approaches being used by the district for combating substance abuse and establish working relationships with community groups to help address the issues of chemical abuse.

**Basic Policy:** No student shall possess, use, transmit, sell or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana or any other controlled substance or any alcoholic beverage, malt beverage or fortified wine or other intoxicating liquor, or possess, use, transmit or sell drug paraphernalia, or counterfeit drugs, or possess, use, transmit or be under the influence of any other chemicals or products with the intention of bringing about a state of exhilaration or euphoria or of otherwise altering the student’s mood or behavior.

This policy shall apply to all students before, during and after hours at school, any school building and on any school premises, including designated transportation stops; on any school-owned vehicle or in any other school-sponsored or school-approved activity, event or function; or during any period of time when students are subject to the authority of school personnel. This policy applies to all students on school property, in attendance at school or any other school-sponsored activity, or whose conduct at any time or in any place interferes with or obstructs the missions or operation of the school district or the safety or welfare of students and employees.

This policy will not apply to the authorized use and possession of medication pursuant to the district’s medication policy or the legal possession of any of the above listed substances in connection with an approved school project. The parents will be notified if a pupil is involved in the sale, transfer, distribution or possession of drugs of abuse, including counterfeit controlled substances; and, if any alcohol per (false ID) violation is suspected or the pupil is under the influence of drugs or abuse.

**Prohibited Activity:** It shall be against school policy for any student:

A. To sell, supply, disburse or give or attempt to sell, supply, traffic, disburse or give to any of the substances listed in this policy, or any substance that the student represents or believes to be a substance listed in this policy.
B. To possess, procure, purchase, or attempt to purchase, or to be under the influence of (legal intoxication not required), or to use or consume, or attempt to use or consume, any substance listed in this policy or represented by or to the student to be of the substances listed in this policy, including possession of drug paraphernalia or counterfeit drugs.

Penalties for Violation: Any student engaging in the prohibited activities listed above (possession, etc.) with respect to the following prohibited substances will be subject to the penalties set out below:

a) Alcohol or any alcoholic beverage

Penalty: 1st offense: Suspension for ten days with a recommendation for expulsion for a period not to exceed the greater of (a) eighty (80) days, or (b) the number school days remaining in the current semester in which the incident occurred giving rise to the expulsion. The student is not eligible for participation in the educational diversion program.

Any subsequent offense: Suspension for ten days with a recommendation for expulsion for a period not to exceed the greater of (a) 80 days, or (b) the number of school days remaining in the current semester in which the incident occurred giving rise to the expulsion. The student shall not be eligible for the educational diversion program.

b) Possession or use of any controlled substance or dangerous drug as defined by the Ohio Revised Code, or as defined by Section 812, Schedules 1-V, or Title 21, United States Code, Section 801, et. Seq., including but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant or any depressant.

Penalty: 1st offense: (Please refer to (a) above).

Any subsequent offense: (Please refer to (a) above).

c) Any abuse of glue or aerosol paints as defined by the Ohio Revised Code, or any other chemical substance, including but not limited to, lighter fluid and reproduction fluid, for inhalation.

Penalty: 1st offense: (Please refer to (a) above).

Any subsequent offense: (Please refer to (a) above).

d) Any prescription, non-prescription, or counterfeit drug, medicine, vitamin or other chemical including, but not limited to, aspirin, other pain relievers, stimulants, diet pills, multiple or other types of vitamins, pep pills, “no-doze” pills, cough medicines and syrups, cold medicines, laxatives, stomach or digestive remedies, depressants and sleeping pills not taken in accordance with the district’s authorized medication policy.

Penalty: 1st offense: (Please refer to (a) above).

Any subsequent offense: (Please refer to (a) above).

e) Prohibited activity: selling, supplying, giving or trafficking, etc. of any substance subject to the policy.

Penalty: 1st offense: (Please refer to (a) above).

Any subsequent offense: (Please refer to (a) above).

Educational Diversion Program: Students expelled for a first offense in accordance with the above policy, (except students expelled for selling, supplying or trafficking in prohibited substances) will, (upon completion of their ten day suspension), be eligible to return to school upon recommendation of the principal and school counselor, based upon the following factors:

1. The results of an evaluation of the student by a trained and licensed, certified Chemical Dependency counselor (CCDC-3). These results and any subsequent recommendations will be put into writing and forwarded to the principal and school counselor.

2. Drug screening from a qualified licensed agency (administrative approval required) that must follow the required chain of custody.

3. A written statement to the principal and school counselor from the student and parents outlining definite plans for follow-up. The plan must include a commitment to follow the recommendations of the CCDC-3 of the evaluator and school counselor.

4. The student and parent’s commitment to participate in a prescribed program by the CCDC-3 professional and school counselor.

5. A conference and discussion (between the principal, the school counselor, the parents and the student) to
outline the conditions that must be adhered to (if the student is to again become a member of the student body), will be conducted after the items outlined in the above 1-4 have been received by the principal and school counselor. This conference will determine whether the student and parents have satisfied the above factors and whether the attendance of the student, upon readmission, would be disruptive to the school program or would interfere with the orderly conduct of the school. Having made these determinations, the principal and the school counselor will take appropriate action to waive or not waive the balance of the expulsion in their absolute discretion.

6. If the principal and school counselor determines that the student or parents failed to complete the prescribed program, the student’s expulsion will be immediately reinstated. If necessary to insure that the student serves the full original term of the expulsion, the superintendent may extend the expulsion into the next school year. The student and parents will have the right to appeal a determination under this section to the superintendent, or his designee, and the Board of Education.

7. A second or subsequent offense occurring at any time during the student’s enrollment in the district will result in a recommendation for expulsion by the principal to the superintendent.

MEDICATION

Administering Medicines: It is the policy of the Kings Local School District that a parent(s) administers all children’s medication at home prior to coming to school. Under exceptional circumstances, school personnel following administrative regulations may administer medication:

- The administration of any drug, prescription or over the counter medication, without the order of the physician and the permission from the parent or guardian, could be interpreted as practicing medicine and is prohibited by law.
- A written request must be obtained on a Kings Local School District Medication/Procedure Request Form, signed by the physician and the parent/guardian, before school personnel can administer any medication. This includes all medications, prescriptions, aspirin, cold medicines, cough syrup, etc. The Medication/Procedure Request Form must include instructions as to the name of the medications, dosage, time of dosage, duration of the medication and possible side effects.
- ALL medication MUST be in the original container and have an affixed label including the student’s name, type medication, dosage, route of administration and the time of administration.
- The school nurse, and other staff members that have been approved by the nurse, will supervise the storing and administering of all medications. A locked cabinet will be provided for the storage of all medication.
- Accurate records of the medication given must be kept.
- The school nurse will be responsible for monitoring medication administered by school personnel and for providing education including specific instructions pertinent to the medication given.
- A new Medication/Procedure Request Form MUST be filled out and signed each year and/or whenever any medication change is made.
- Parents should bring the medication to school for grades K-12.
- Alternative method: The parent can schedule medication before and after school or bring the medication to school and administer it to their child during the student’s lunch or recess. This might be more convenient when a child needs medicine on a short-term basis.

PARENT ACCESS TO RECORDS

Parents requesting access to their child’s records must be granted access within 45 days of the request. Parents have the right to receive copies of their child’s record. Parents have the right to a response from school officials to reasonable requests for explanations and interpretations of those records. Parents have the right to an opportunity for a hearing to challenge the contents of those records. A divorce or change in custody does not change the rights
of natural parents to their child’s records. A non-custodial parent may request and receive a copy of the child’s report card, the permanent record and the opportunity to hold a teacher conference. Only the custodial parent has the right to make education decisions requested by the school. Stepparents have no rights to records, reports, or conferences unless the custodial parent confers their rights on them.

**RECESS**

Elementary school schedules include daily recess. This provides a period of relaxation and social interaction for the students. Students can be excluded from recess for discipline reasons, to receive extra help on an academic subject, or to complete work not finished during the time allotted by the teacher. Children go outside for recess when the weather is dry and the temperature is **32 degrees** or above unless a student is kept indoors by their teacher, or- if a parent has sent in a note requesting indoor recess for medical reasons. Please dress your child according to weather conditions so that they will be able to go outside.

**SAFE SCHOOL HELPLINE**

The Safe School Helpline is an anonymous, toll free tip line that students, parents, and staff can access 24/7. The purpose of the Safe School Helpline is to promote school safety and report wrongdoings or illegal activities. Callers have the option of leaving a message on the automated system or speaking to a mental health counselor. Reports can be made about school safety issues such as theft, drugs, weapons, discrimination, abuse, harassment, threats, and facility safety. All messages are transcribed to ensure anonymity, then documented and disseminated to the appropriate school authority. The Safe School Helpline can also be accessed through a secured website at [www.safeschoolhelpline.com](http://www.safeschoolhelpline.com).

**SCHOOL BUSES- Procedures and Conduct**

**Student Bus Conduct:** All school rules apply to students riding school buses. Each bus has rules posted that are unique to this privilege. Students must follow the direction of bus drivers and the posted rules. Bus drivers will refer any inappropriate behavior incident to administration for disciplinary action.

**STUDENT CONDUCT ON SCHOOL BUSES**

1. Students will be careful in approaching bus stops, walk on the left facing oncoming traffic and be sure that the road is clear both ways before crossing.
2. Students will be at the bus stop five minutes in advance of the scheduled time in order to permit the bus to follow the time schedule.
3. Students will sit in assigned seats. Drivers have the right to assign a student to a seat in the bus and to expect reasonable conduct similar to conduct expected in a classroom.
4. Students will reach assigned seat on the bus without disturbing or crowding other students and remain seated while the bus is moving.
5. Students will obey the driver promptly and respectfully and recognize that he/she has an important responsibility and that it is everyone’s duty to help ensure safety.
6. Students will keep the bus clean and sanitary, refrain from chewing gum or consuming candy, food, or drinks on the bus at any time.
7. Students will refrain from loud talking or laughing. Unnecessary confusion diverts the driver’s attention and might result in a serious accident.
8. Students will keep head, arms and hands inside the bus at all times.
9. Students will be courteous to fellow students and to the bus driver.
10. Students will treat bus equipment as one would treat valuable furniture in his/her home.
11. Students will remain seated until the bus stops, wait for the signal from the bus driver and cross in front of the bus.

Failure of a student to follow these regulations may result in his/her forfeiting the right of transportation by school bus, i.e. bus suspension. Board Policy – EEACC-R (also JFCC-R)
**Bus Change Form**: For the safety of our students, King’s schools do not allow students to ride any bus other than their own. All students are assigned a bus to ride according to their residence address. Any student needing transportation to a different location on a daily/regular basis must complete a Bus Change Form and send the form to the Transportation office. No child will be permitted to ride another bus or get off at a different stop without having completed a Bus Change Form. PLEASE make these arrangements prior to your child coming to school. **No bus passes will be issued to ride another bus.**

If you have any specific questions, e.g.: routes, time of pickup/drop-off, bus stops, etc., please call our Transportation Department supervisor, Mr. Dave Smith at 398-8050, ext. 10024.

**STUDENT DROP-OFF/PICK-UP DROP-OFF**
There are two options for drop-off of children at school in the mornings:

1. You may pull into the parking lot, park in a designated parking spot, and, then, walk your child to the sidewalk that runs alongside the neighborhood adjacent to J. F. Burns Elementary. **Please do not sit idling in the parking lot waiting for the buses to leave to pull up into the circle.** (As noted below, students may enter building beginning at 8:35 a.m. through the main entrance.)

2. Cars are permitted to drive into the circle to drop off students after the buses have left. As you pull up, please pull as far up past the main entrance door as you are able, before allowing your child to exit the car. In addition, where possible, please allow us to assist your child with getting out of your car on the passenger side of the car.

**Very Important!** The tardy bell rings 8:50 a.m., sharp, each day. If your child has not passed through the two double doors to the school at the tardy bell, then you will need to park your car and come in to sign them in as being tardy. *(Please see attendance section of this handbook for additional details on tardies.)*

**Special notes regarding DROP-OFF:**
*The main front doors of the building open to students at 8:35 a.m. each school morning (unless school has been delayed). (No drop off is permitted before 8:35 a.m. due to lack of adult supervision before then.)*

Please plan to leave plenty of extra time, if you find it necessary to bring your child to school. Our staff makes every attempt to assist children getting out of their cars to ensure that traffic continues to flow efficiently; however, we cannot be held responsible for any delays due to traffic congestion.

**Pick-Up at Dismissal**
If it is necessary to pick up your child after school on any given day, please wait in the grass area outside the door to the right of the main entrance door. Your child’s teacher will bring him/her to this area to dismiss to you.

Once placed on a school bus at the end of the day by the teacher/staff member, **NO STUDENT IS TO BE REMOVED FROM ANY SCHOOL BUS WITHOUT OFFICIAL NOTIFICATION OF THE BUS DRIVER BY THE SCHOOL OFFICE.**

**STUDENT ELECTRONIC DEVICES**
Students are encouraged not to bring items of value to school. Students who do bring a device (iPod, tablet, Kindle, cellphone, etc.) to school must leave it turned off and in their bookbag.
STUDENT RECORDS
All student records are confidential and are protected by the Privacy Act. Only school staff and the child’s natural parents/legal guardians have access to the records. The Privacy Act does not protect directory information on the child. Directory information includes names, address, phone number, etc. Parents can request that this information not be released.

TWO HOUR DELAY DUE TO INCLEMENT WEATHER
If Kings School District decides to go with a two hour delay of schools due to inclement weather, the school hours will be 10:40-3:20 p.m.

STUDENT WELLNESS
The Kings Local School District remains committed to the physical and mental well-being of our students. The District supports the student’s development toward a healthier future through promoting healthy eating and increasing physical activity; to that effort the Kings Local School Board of Education sets for a Student Wellness Policy. (Section E: Support Services-Policy EFG)

WITHDRAWING FROM SCHOOL
Parents must notify the school office if the student must withdraw so that the teachers can complete an official withdrawal record sheet. The student’s new school must request school records in writing. Records will be forwarded within 24 hours after receiving the request from the new school. Student records will not be given to a parent/guardian to take to the new school.

Pre-Approved Absence Request

STUDENT__________________GRADE__________TEACHER__________________

Student: _____________________Grade:_________Teacher:___________________

Directions: The parent is to complete the top section of the request and submit it to the Attendance Secretary. Please submit seven (7) days in advance of the first day of the occurrence. Please be advised that pre-approved occurrence counts are counted within the district’s yearly (12) occurrence allotment. Student’s are only allotted (12) occurrences per school year. All of the following types of absences will be counted as (1) occurrence: tardies, early releases, full days and/or partial days. Any day after the (12) allotted occurrences would require a medical note to be excused. Medically excused occurrences do not go towards a student’s allotted occurrence for the school year. Please refer to the district’s “Attendance Code of Conduct” for further information.
