

Who: Seniors who are unsure of their plans after graduation and would like some help in figuring out their **best first step after high school**. You can be headed into the workforce, headed to school or some combination of both. We hope to have a group of about 10-20 students.

What: What can Career Quest do for you? Our end goal is to ensure you have a “real job” or career pathway established before graduation. And we want to celebrate that! We’ve got some basic steps laid out to help you. As a group, we will...

- Investigate your interests with Julie, a Career Counselor from Sinclair University
- Narrow a career path with Riley from United Way
- Build a resume
- Prepare for and arrange interviews in group sessions during the school day
- Attend job shadows and company tours based on your interest

When: The group will meet monthly January - May; usually during the 3rd period.

Where: At KHS during the day. Let Mrs. Henderson or your counselor know if you’re interested.

Success Stories! Why should you Consider Career Quest? Because your diploma is worth something and we can find great first steps for each individual interest!

- 2021 Grad Kaylee Dane is studying **Physical Therapy Assisting** thru Sinclair with scholarship money from United Way’s Career Invest program and will likely get a job with Atrium.
- 2021 Grads Adrian Razo and Alex Williams are working for E-Beam and completing an **Industrial Maintenance program** that’s paid for through Festo. They’ll make \$25 an hour in a skilled trade after completing the 32-week program.
- 2021 Grad Jason Clark is pursuing at **IT pathway** with Career Invest funds at Sinclair
- 2021 Grad Aaliyah Wilson is working at Otterbein Nursing as a **Patient Care Assistant**
- 2019 Grad Jaime Razo is **working at Atrium Medical Center** and getting his **nursing degree** at Sinclair paid for.
