KINGS JUNIOR HIGH SCHOOL

“RELATE, CREATE, INNOVATE”

Our goal at Kings Junior High is to make sure all stakeholders feel valued, included, and supported. We strive to exceed far beyond our academic excellence, to make sure all students, staff, and parents have a fulfilled experience while we are together. Our focus will revolve around our #KingsStrong plan as we are dedicated to providing great educational experiences that are forward thinking. Our middle level approach will always emphasize a necessity for the social emotional well-being of our students in a safe and secure environment. Our commitment to each and every person in our circle of influence is to build positive relationships as we celebrate everyone’s contributions to our junior high family.

During the 2011-12 school year, the Ohio Department of Education designated Kings Junior High School as an Ohio School to Watch and a National Forum School to Watch, following an extensive application process and site-visit. This designation highlights four distinct areas of strength: Academic Excellence, Developmental Responsiveness, Social Equity and Organizational Structures and Processes. A 2nd re-designation occurred in the 2018-19 school year re-emphasizing our commitment to excellence.

Each grade level at KJH contains three teams of students, with approximately 115 students on each team, assigned to a group of teachers for their core classes; Language Arts, Math, Science and Social Studies. Each team’s core teachers are in close proximity to one another and the building is organized so grade levels are together. Teams meet often to discuss student concerns, to plan team activities, to coordinate curriculum, and to conference with students, parents, or the administration. Teams 7-Red, 7-White and 7-Blue make up our seventh grade, while teams 8-Red, 8-White, and 8-Blue make up our eighth grade. The Encore Team of all electives provide an array of other educational experiences that are truly exceptional. Each of these teachers is connected to a core team for ImPact classes in the middle of our day.

It is our hope that KJH provides everyone with an enjoyable experience. Please feel free to reach out any time with questions you may have. We truly believe that all students deserve the best education possible and always encourage input from everyone involved in the education of KJH students.

Knights Fight Song

Cheer, Cheer for Kings Junior High,
You bring the banners and we'll let them fly,
Send those fighting Knights on in,
Do nothing else but Win, Win, Win !!
We never stumble, we never fall,
We know the steps to great football, Royal Knights of KJH
Onward to victory !!

ACADEMIC HONESTY POLICY

A core value of being a Knight of Excellence is honesty which all students are expected to adhere to. Students must make the commitment to always tell the truth and encourage others to be truthful. Students who choose to cheat, misuse a pass, forge a note, collude against fellow students, or mislead authority when searching for the truth are subject to consequence.

ACADEMIC PROBLEMS

1. Utilize this Student Plan Book to write down assignments and track due dates.
2. Check Progress Book on a regular basis.
3. Talk to your teacher(s).
4. Have your parent contact the teacher.
5. Parents may schedule a meeting with their child's team by contacting the team leader.

AFTER SCHOOL HOURS

All students should be out of the building by shortly after students are released. EXCEPTIONS: Students may remain in the building after this time if participating in a supervised activity with a teacher directly in charge. The students must be with the teacher or coach in the specific area of the activity and not be loitering in the hallway. Any student found in the hallway, either at the junior high or senior high is in violation of this policy and may face consequence.

APPOINTMENTS

We prefer that parents/guardians call for an appointment rather than just coming into the office. By calling, you will be assured that someone will be available to see you. Also, we can do some preliminary investigations into the problem/concern to save everyone time.

ARRIVAL AND DEPARTURE PROCEDURES

Students should arrive at school no earlier than 7:00am as the doors to the main entrance (A-2) will be accessible at that time. Our start time will be determined after the submission of this handbook. Please check the KJH website for specific start and release times. If a student is tardy and does not check in at the office, they will be counted absent. We encourage punctuality. The school cannot be responsible for the supervision of children before the designated 7:00 am time. The school is directly responsible for student supervision only while they are on school property during school hours, practices and games, and during extracurricular activities. After practice, games, performances, or a detention, students are to leave immediately. It is the parents' responsibility to arrange transportation. It is not the teacher or coach's responsibility to supervise at those times. Once students leave practice or school property, they become the parents' responsibility. The school will cooperate with parents in stressing the rules of safety to and from school and will assist with discipline problems that occur between home and school.

ATHLETICS

Athletes are expected to serve as examples for others. For this reason, we expect our athletes to always behave in a way that positively represents themselves, their families, and the school. Misbehavior committed while representing the school will not be tolerated. The team's coach, athletic director, and/or principal/assistant principal will determine consequences for such behavior.

We at Kings Junior High School feel that athletics can be an important part in the growth of our youth. Many skills, such as teamwork, work ethic, and sportsmanship provide self-worth and self-discipline. The following sports are offered at Kings Junior High for both 7th and 8th grade students:

Football	Cheerleading (fall / winter)	Cross Country	Boys and Girls Tennis	Boys and Girls Lacrosse
Dance	Wrestling	Track	Girls Softball	Boys and Girls Basketball
Girls Volleyball	Boys and Girls Golf	Swimming/Diving		

ATHLETICS – ATTENDANCE POLICY

To be eligible due to a medical/dental appointment (2b), a written excuse from the attending doctor or dentist is due at the time the athlete checks into school.
- 4. To be eligible, without a note after 8:30 a.m., due to reasons listed in section 2, a through e, the parent/guardian must make contact by phone with the athletic director or principal by 2:30 p.m. that day.

ATHLETICS – ELIGIBILITY POLICY FOR PLAYERS AND CHEERLEADERS (OHIO HIGH SCHOOL ATHLETIC ASSOCIATION REQUIREMENTS)

All high school student athletes (grades 9-12) must meet the OHSAA academic requirement which states that an athlete must be currently enrolled in a member school and must have passed a minimum of five (5) one credit courses, or the equivalent, in the immediately preceding grading period. A student athlete enrolled in the first grading period after advancement from 8th grade must have passed a minimum of five of all subjects carried the preceding grading period in which the student was enrolled.

ATHLETICS – ELIGIBILITY POLICY FOR PLAYERS AND CHEERLEADERS (KINGS JUNIOR HIGH SCHOOL ELIGIBILITY REQUIREMENTS)

Student athletes enrolled in grades 7-8 must be currently enrolled in a member school and must achieve passing grades in a minimum of five of all subjects in which the student is enrolled in the immediately preceding grading period. A student athlete attending Kings Junior High School must achieve a passing grade (1.0 or higher) in a minimum of five of all subjects in which enrolled the immediately preceding grading period to be eligible for athletic participation. All 7th grade athletes are automatically eligible for participation during the 1st quarter of the school year.

When an athlete is in-season, weekly academic eligibility is also monitored by the Kings Athletic Department. Any student-athlete who is failing one (1) class is notified and has one week to raise that grade to passing. If the student does not raise the grade, he/she becomes ineligible for competition until that grade is a passing grade.

ATHLETICS – TRAINING RULES

The following training rules must be adhered to:

- 1. Absolutely no smoking, drinking, or use of drugs by athletes participating in any sport will be permitted in and out of season. Also, any theft from locker room area will not be permitted by any team member. Violation of these rules will result in immediate removal from the sport being participated in at that time. Suspension will be indefinite until the player appears before the principal, assistant principal, athletic director, and coach of the sport. They will hear the case and make a decision.
- 2. All team members must travel to and from out of town contest by means of transportation provided by the school. Athletes may ride home with their parents only if they have written permission signed in advance by the athletic director, principal or assistant principal. Special consideration will be given only in case of an injury or illness.
- 3. It is felt that our athletes should be well groomed at all times, both on and off the field of competition. Neat appearance should be consistent with all athletes.
- 4. Improper attitude or response to coaches' standards of team discipline will result in suspension from or removal from the sport being

participated in.

ATTENDANCE – STUDENT ATTENDANCE CODE OF CONDUCT

DOCUMENTATION FOR ABSENCES, TARDIES AND EARLY DISMISSALS

Truancy Laws in Ohio have been amended with the passage of the HB 410 and all schools are required to keep track of the number of hours each student is in school. Starting in the 2017-2018 school year, schools will also report time out of school as an “occurrence” instead of an absence.

Generally, twelve (12) occurrences from school, which include full days, partial days, tardies and early dismissals, may be documented by a parent/guardian phone call/fax, note or email. This includes all excused and/or unexcused occurrences, tardies and early releases. All instances indicated shall count as (1) occurrence, whether the absence is a full/partial day, tardy or early release from school.

Medical notes shall NOT count against the (12) occurrences that a parent may excuse.

Absences, full and partial days, tardies and early dismissals in excess of (12) occurrences may not be excused by a parent/guardian and shall require documentation by the child’s treating physician, nurse practitioner, or physician’s assistant- unless an occurrence is otherwise excused by the Principal due to unusual circumstances.

The foregoing general rule is for the convenience of school officials in the administration of this attendance regulation. This rule does not create an entitlement for a student to be absent from school 12 times. Application of this general regulation may be waived by school officials where circumstances indicate that its application does not serve the student’s best interest. Those circumstances include, but are not limited to: the student’s attendance in the current or prior school years; instances where students/parents have been adjudicated guilty for truancy related offenses or currently under active supervision or probation. Excused occurrences from school shall be granted only on the condition of a note from a physician, nurse practitioner, physician’s assistant, or excused by the school Principal.

Nothing contained in this attendance regulation is intended nor should be construed as restricting the discretion of school officials to make such inquiries and request such verification/documentation as is reasonably necessary to determine if an occurrence (full day absence, partial day absence, tardy or early dismissal) is excused.

Tardiness

Being punctual to school is the minimum expectation that we have for all of our students. Any student arriving in class in their assigned seat after the start time of the student’s school must report directly to the attendance office to obtain a tardy slip. The tardy slip must be presented to the teacher to be admitted to class. The attendance office will track tardies and report to the administration. Each tardy to school, unless medically excused, will count towards a student’s 12 occurrences allowed in a school year.

Chronic tardies, eight (8) or more in a semester may result in after school detention, Friday school, referral to counselor, in-school suspension or loss of driving privileges.

Early Dismissal

Students must bring in their early dismissal note to the attendance office in the morning before school starts. All early dismissals, unless medically excused, will be counted toward the student’s (12) occurrences in the school year. In all cases, a parent/guardian will be contacted to provide permission and a valid reason for the early dismissal. When a student arrives on the campus property he/she is under the jurisdiction of the school district until the end of the day. No student may leave the premises during the school day without proper authority from the attendance office. Also, no student will be permitted to return to school unless an “off-grounds” pass has been issued with a return time marked on it.

Absences

Students who miss school are required to have their parent/guardian contact the attendance office within 2 hours of the student’s school start time. Please refer to your child’s designated school for school start times.

If the school does not receive notification, a phone call will automatically be made to the parent/guardian. If the parent/guardian fails to contact the school, the absence will be considered unexcused until a parent/guardian makes direct contact (within 5 days) with the attendance office to verify the student’s absence.

All notes parent/guardian or physician must be submitted to the attendance office within five (5) days of the absence, otherwise the absence will be unexcused.

District Responsibilities:

The school, in compliance with Ohio Truancy Laws and HB 410, has established the following intervention strategies to avoid unexcused occurrences, partial and full days, tardies and early dismissal.

- If a student acquires 38 hours of combined excused and unexcused occurrences in one month or 65 hours of combined excused or unexcused occurrences in one school year, a warning letter will be mailed to the parent/guardian.

- If a student acquires 45 hours of unexcused occurrences a Truancy Education Meeting will be scheduled. This group meeting will be held in your child's school district. The purpose of this meeting is to advise parents/guardians of the new truancy laws, school policy, and student current attendance records.
- The following are the thresholds that are defined in the Ohio Revised Code and serve as the definition of a Habitual Truant:

Should a student meet any of these thresholds during the school year, an Absence Intervention Team meeting will be scheduled by the Truancy Officer, for the purpose of developing an Absence Intervention Plan.

The team shall consist of the student, parent/guardian or their designee (a pre-approval FERPA form release for a designee to attend in a parent's place must be filed by the parent for the designee to participate in the Absence Intervention Team meeting), school administrator or their designee, and attendance officer. The team may also include the school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences and representative of the Juvenile Court.

If the parent/guardian fails to attend or otherwise respond and participate in the Absence Intervention Team, the school shall do both of the following:

- Investigate whether the parent/guardian's failure to attend triggers mandatory reporting to the public children services agency or instruct the Absence Intervention Team to develop an intervention plan for the child notwithstanding the absence of the parent/guardian.
- If the student fails to comply with the Truancy Intervention Plan and meets the legal definition of habitual truant, charges will be filed in Warren County Juvenile Court.

BUS – ASSIGNMENT

Students are expected to go home on their assigned buses unless they have a special school function such as sports, a club, or a dance. No student may get a ride home with another person unless we have a note on file from the legal parent or guardian. Athletes staying for late practices should take books to the learning commons to study until practice begins. Students leaving the school going to a restaurant for food should have a letter from his/her parent stating that they have permission to go to the restaurant. We cannot be responsible for students leaving school grounds and while they cannot be under our supervision.

BUS – CHANGES

Students must always ride their own bus and get off at their own stop unless they submit a note written, signed and dated by their parent. The note must be specific about what the child should do. The principal gives a bus pass to the student as approval to allow cooperation by the bus driver or others involved. This should be taken care of in the morning or at lunch. Not during class.

BUS – CONCERNS

Bus concerns would be addressed to the Transportation Department – 398-8050, ext. 10024. You may also check out their web site at www.kingslocal.net > Departments > Transportation.

BUS – PRIVILEGES

All school rules apply to students riding school buses. Each bus has rules posted that may be unique to this privilege. Students must follow the directions of bus drivers and the posted rules. Drivers will refer any inappropriate behavior incidents to the junior high school administration for disciplinary action. The parent/guardian will receive a copy of the “School Bus Incident Report.” See “BUS – PROGRESSIVE DISCIPLINE”. Once students exit the buses in the morning, they must enter and remain in the building until dismissed to class.

Students must always ride their own bus and get off at their own stop unless they submit a note written and signed by their parent/guardian. Approval by the junior high administration is necessary. Students should submit these notes before 10:00 a.m.

CALL COMMAND

The Call Command System will be utilized to notify students, parents and staff of school delays and/or closures. This system will also be used to communicate important announcements and updates to parents. See “CHANGES IN ADDRESS/PHONE”

CALLING THE OFFICE

The principal, assistant principal, counselors, and athletic director are often not in their office when parents call. You may leave a message on their voice mail, and they will return your call as soon as possible. To expedite matters, please leave your name, child’s name, phone number, and the nature of your concern.

CATCH-UP-CAFE

Teachers may assign students Catch –up- Café if students are not finishing homework. This intervention provides time for students to get caught up. It can be assigned during ImPact or lunch and is up to the discretion of the teacher.

CELL PHONES

Students are not permitted to have cell phones with them during class time unless authorized by a teacher or school personnel. In those cases, the cell phone will be permitted in that class only and then should be returned to the student’s locker at the end of that period. Students may have cell phones in the gym or café prior to the beginning of school. Cell phones should be turned off and left in their lockers during the day. The contents of the device may be searched by school administrators with the intent of determining whether or not the device was used to violate other aspects of the Student Code of Conduct, in which case a student may face additional consequences. Parents may arrange to pick up the phone by contacting administration. Any students with multiple referrals related to cell phones may lose the privilege of being able to have it at school.

CELL PHONES – PROGRESSIVE DISCIPLINE

Violation of the cell phone policy will result in the following progressive disciplinary steps:

- 1st offense – Confiscation of the phone/ Warning - Phone may be retrieved from the office at the end of the day
- 2nd offense – Confiscation of the phone/ level I offense- Parent contact and phone may be picked up in the office at day’s end
- 3rd offense – Confiscation of the phone, level II offense and after school detention. Phone picked up by the parent

Note: Any misuse of a cell phone related to use at school could result in a more punitive consequence which could include banning the device from the school premises.

CHANGES IN ADDRESS/PHONE

It is the parents' responsibility to inform the school of any changes of home, work, and/or cell phone numbers. Also, if the emergency contact person has changed, please contact us. If your child is sick or hurt and we need to have updated and accurate numbers to reach contacts.

All changes of address must be processed through the Central Registration Office, which is located in the KEC. The Central Registrar may be contacted at centralregistration@kingslocal.net or by calling 513-398-8050, extension #10002.

CHILD ABUSE

The Kings Local Board of Education shall comply with the requirements of the child abuse and neglect provisions of the Ohio Revised Code. It is mandatory for all school employees to report suspected child abuse and neglect to proper authorities (ORC 2151.421).

The school cooperates with helping agencies such as children's services and juvenile court. The school is required by law to report any suspicions or reports of child abuse.

CLASSROOM MATERIALS

Students should come to class prepared with the proper classroom materials for that subject. This includes advisory where students will need all materials. No book bags, purses which include "Vera Bradley" type bags, coats, jackets and/or hats in any classroom due to safety concerns. Personal items should be kept in the student's locker and obtained between classes or with teacher permission during class.

School closings or delays will also be announced on the following stations and frequencies: WCKY (1530), WKRC (55/FM-102), WLQA (FM-98.5), WLW (700), WSAI (1360/FM-94.1), WUBE (1230/FM-105.1), WCIN (1480), WKRC-TV (CHANNEL 12), WLW-TV (CHANNEL 5), WYYS (FM-95), WKRQ (FM-102), WCPO-TV (CHANNEL 9).

Parents can also call the District Central phone number for school closing announcements. Information is updated on the district's website. Several news organizations provide updated school closing information on their websites, as well.

COMPUTER USE

Students may only use school computers after a signed Computer Usage Form is on file with the office. Misuse of computer privileges may result in Level Points being assigned and/or computer access being suspended. Students are not allowed to check their home e-mail accounts from a school computer. See "Electronic Devices"

CONFERENCES

Conferences should be set up through team leaders. Scheduled conferences dates will be announced and information sent home.

We are furnishing you with the following information so that you will feel free to visit the school at any time during the school year. You have a standing invitation to meet with the teachers, guidance counselors, and administration. Please make an appointment.

Through Progress Book, parents are able to check on their child's progress daily. Report Cards are sent home at the end of a grading period.

All teachers on our staff are available for conferences one preparation period during the day and during their team meetings. We think it is very important that you call at least two days in advance for a conference. Proper conference scheduling will be made for the benefit of all concerned. Due to the fact that your child has so many different teachers and that our teachers see approximately 150 students per day, we have found it much better to schedule conferences in this manner. Conferences can be set up with individual teachers if requested. Interim reports and report cards should clearly indicate to you if you need a conference and with what teacher(s). If you would like to set up a meeting with the entire teaching team, please contact the Team Leader. E-mail works well.

Please call teachers before or after school or during their team or preparation period. Check the staff schedule. We will not call a teacher out of class for phone calls.

CONTRABAND – ITEMS NOT ALLOWED IN SCHOOL

Possession of any contraband that could be used to disrupt the educational process could result in disciplinary action.

CONTROVERSIAL TOPICS

It is impossible to avoid all controversial topics when we are dealing with the inquisitive minds of the junior high student. If there is a topic to which you do not want your child exposed or there is an assignment or book that you find offensive, please contact the building principal. We will try to make other arrangements for that student.

CORE AND ENCORE CLASSES

Please refer to the Course Selection Guide on our school's website.

COVER DESIGN

The front cover is the result of the talented work of 8th grade student Hannah Atkins. This win resulted from a contest being held in our Tech Apps. Class. Thanks to Mr. Kemen for his help on this project.

CUSTODY CHANGES

Parents have an obligation to inform the school anytime the custody of a child changes. The school officials will need to see and copy court orders pertaining to a child's custody. Without official court documents stating otherwise, both birth parents have equal rights to educational decisions regarding their child, which include access to records and to their child. Either parent may sign their child out of school early unless we have an official court document stating otherwise.

DANCE RULES

1. Students enter the dance and stay until their ride comes to pick them up, or a parent gives permission over the phone for us to release them. Students may not leave without permission from the principal.
2. Students must remain in designated areas set by chaperones.
3. Students may not bring friends from other schools. Only KJH students are permitted.
4. The dress code will be enforced for school dances.
5. Students should only use the phone in responsible ways. Picture taking and posts are discouraged.
6. Misbehavior at a dance could lead to exclusion from other extra-curricular activities.
7. Students who have chronic discipline problems may be excluded from all dances.

DISCIPLINARY CONSEQUENCES AT KINGS JUNIOR HIGH SCHOOL

LUNCH DETENTION – Lunch Detention is a disciplinary measure assigned by either a staff member or administrator. When assigned, the student shall report to the administrator in the cafeteria during their assigned lunch period and receive further instructions.

Extended School Day (ESD) – Extended School Day is a discipline measure assigned at an administrator's discretion. Extended School Days are held for one hour, from 2:30 – 3:30 PM. Students are expected to be on time and bring sufficient materials for studying or reading. Misbehavior or refusal to the extended school day could result in additional consequences.

FRIDAY SCHOOL (FNS) – Friday Night School is a discipline measure assigned at an administrator's discretion. It could be held from 2:30- 3:30 or 2:30 - 5:00 depending on the severity of the behavior(s) resulting in the consequence. It will be held in an assigned room on each designated Friday during the school year. Since Friday Night School is also considered an alternative to detention in most cases, any misbehavior during Friday School or failure to show for an assigned Friday Night School may result in In-School Detention(s), an additional Friday School(s) or out-of-school suspension.

In-School Suspension (ISS) – In-School Suspension was instituted to provide an alternative to suspension for discipline concerns of a less severe nature. In-school Suspension is a disciplinary measure assigned at an administrator's discretion. It will be held from 7:45 am – 2:15 pm each school day and will be supervised by staff. Students are expected to bring their books and will be able to complete classroom assignments for credit. Since in-school suspension is considered an alternative to detention, any misbehavior, including, but not limited to refusing to attend in-school isolation, not having enough work, being uncooperative, causing a disturbance, talking, sleeping, listening to music, eating, drinking, or looking at magazines or books that are not subscribed to by our school or public library may result in one or more of the following: the student being assigned to lunch detention, Friday School, sent home, out-of-school suspension or expulsion. The junior high school code of conduct and dress code will be in effect for all students who attend In-School Isolation.

Suspension (OSS) – Suspension is a disciplinary measure assigned at an administrator's discretion. A student may be suspended for school for up to 1- days. A suspended student is not allowed on school grounds or permitted to attend or participate in any school activities. Appeals to a suspension should be done first through contacting the building principal and making an appointment.

Expulsion – Expulsion is a disciplinary measure assigned at the superintendent's discretion. Only the superintendent or designee may expel a student from school. The length of an expulsion may be for any length of time, up to and including eighty (80) consecutive school days. A student who may have committed a serious offense or continued and chronic repeated offenses may be recommended for expulsion. An expulsion hearing will then be set up at the Kings Board of Education office in accordance with student due process procedures. Any student's expulsion that has been held in abeyance may have their expulsion reinstated if they are involved in any Category IV offenses or other chronic offenses during the time of the abeyance.

DISCRIMINATION POLICY

See "Hazing and Bullying"

DRESS CODE

Part of the total education of the student body is learning to dress appropriately and behave responsibly in a variety of situations. Attendance at school and school-related functions are specific situations which require the student to use good judgment. Kings students are expected to dress in a manner that is appropriate to the school environment and does not cause a disruption to the academic process. Research has shown a correlation between appearance and behavior, especially in the school setting.

These guidelines will assist parents, students, faculty, and administrators in determining appropriate standards for dress.

1. Parents and students maintain responsibility for the dress and personal appearance.
2. When any dress or grooming interferes with the cleanliness, health, welfare, or safety of students or when any dress or grooming disrupts the educational process by being distracting, indecent, or inappropriate to the educational process, it shall be prohibited.
3. Sponsors and teachers of elective programs (such as vocational classes) or elective activities (such as sports and music) may require strict standards regarding dress and appearance for participants in their program or activity.
4. The building principal, with the assistance of the faculty, shall have the responsibility of uniformly administering the dress code. The decision of the building principal shall be final.
5. As new trends in fashion or dress are accepted or become out-of-date, the school district will review the changing standards of the community served.

General Guidelines:

1. Shorts and skirts must be an appropriate length. This will be left to the discretion of administration.
2. No shirts or blouses that expose the midriff or cleavage. or are off of the shoulder.
3. No muscle shirts, or halters. Boys must wear shirts with sleeves. Girls may not have clothing hanging off the shoulder or spaghetti straps. Sport bras must be covered by a shirt or garment.
4. Hats, coats, hoodies, and sunglasses are not to be carried to, worn in class or in the hallways during school.
5. No dress or body art that promotes hate, profanity, vulgar, or negative messages. Anything advertising or related to alcohol, tobacco, and drugs, or anything sexually explicit, is not permitted.
6. No transparent garments, open mesh garments, or garments with large open sides may be worn without an under liner. (Example: a tee shirt could serve as a good under liner for football-type mesh shirts.)
7. Shoes must be worn and must not present a safety hazard.
8. Lower garments are to be worn at waist level. If a belt is worn, it must be of proper length. Undergarments are not to be exposed.
9. No "dog collars," spiked bracelets, or chains that could be dangerous to others or yourself or destructive to school property.
10. No gang or cult-related items of any kind.
11. Headphones, earbuds and other similar items do present as a safety hazard with regards to a student being able to hear and follow instructions. Students are expected to remove them and put them away upon request. If repeated violations occur, the item may be confiscated.

DRESS CODE VIOLATION

Violation of the dress code can result in removal from class (until the violation can be resolved) and/or disciplinary action. If a staff member deems an item of apparel as inappropriate and a distraction to the educational environment, this may be considered as a violation of the dress code.

If the student cannot resolve the dress code violation, they will be sent to the office until the violation can be resolved. The student will be sent back to class only after the dress code violation is resolved. The student may need to change to more appropriate clothing, borrow from a friend, call home and wait until a suitable outfit is brought to school, or they may be asked to change into proper clothing provided by office. Wearing school-issued garments until the end of the day may reduce demerits.

No electronic devices are allowed at lunch unless specifically permitted by one of the lunchroom supervisors.
- During the school day, students are to place these personal electronic devices in their locker. ELECTRONIC DEVICES – PERSONAL USE OF STUDENT-OWNED

Kings Local Schools provides students access to our wireless network and the option of utilizing personal electronic devices as a means to enhance their education. In addition to this policy, the use of a school computer or laptop also requires student to abide by the Kings Local School District’s acceptable use policy

Other proper hall passes include a nurse pass, lunch room pass, or handwritten pass by the office.

6. Students will use their planner to sign in and out each time they leave their classroom. If your son or daughter has a medical reason for leaving class, please send in a doctor's note. If you feel there are extenuating circumstances that should allow your child more than usual restroom privileges, please set up an appointment with the principal. Students are allowed to use the restrooms between periods and any time during lunch. This rule is in place because many of our students use the time between classes for socializing then want to get out of class to use the restroom. Students are expected to use the restroom between classes, before school, or during lunch.

HAZING AND BULLYING – HARRASSMENT, INTIMIDATION AND DATING VIOLENCE (DISTRICT POLICY)

The prohibition against hazing, **dating violence**, harassment, intimidation or bullying is publicized in student handbooks and in the

publications that set the standard of conduct for schools and students in the District. In addition, information regarding the policy is incorporated into employee handbooks and training materials.

School Personnel Responsibilities and Complaint Procedures

Hazing, bullying behavior **and/or dating violence** by any student/school personnel in the District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. Hazing bullying **and/or dating violence** means any intentional written, verbal, graphic or physical acts, including electronically transmitted acts, either overt or covert, by a student or group of students toward other students /school personnel with the intent to haze, harass, intimidate, injure, threaten, ridicule or humiliate. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity; in any District publication; through the use of any District-owned or operated communication tools, including but not limited to District e-mail accounts and/or computers; on school-provided transportation or at any official school bus stop.

Hazing, bullying **and/or dating violence** can include many different behaviors. Examples of conduct that could constitute prohibited behaviors include, but are not limited to:

6. excluding others from an online group by falsely reporting them for inappropriate language to Internet service providers.

If these acts take place on school property, or if off-campus activity results in a disruption to the educational process, a student may face disciplinary consequences.

In evaluating whether conduct constitutes hazing or bullying, special attention is paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim and the motivation, either admitted or appropriately inferred.

Teachers and Other School Staff

Teachers and other school staff who witness acts of hazing, bullying **and/or dating violence** as defined above, promptly notify the building principal/designee of the event observed, and promptly file a written incident report concerning the events witnessed.

Teachers and other school staff who receive student or parent reports of suspected hazing, bullying **and/or dating violence** promptly notify the building principal/designee of such report(s). If the report is a formal, written complaint, the complaint is forwarded to the building principal/designee no later than the next school day. If the report is an informal complaint by a student that is received by a teacher or other professional employee, he/she prepares a written report of the informal complaint that is forwarded to the building principal/designee no later than the next school day.

COMPLAINTS

1. Formal Complaints

Students and/or their parents or guardians may file reports regarding suspected hazing, harassment, intimidation, bullying **and/or dating violence**. The reports should be written. Such informal complaints must be reasonably specific as to the actions giving rise to the suspicion of hazing, harassment, intimidation and/or bullying, including

person(s) involved, number of times and places of the alleged conduct, the target of the prohibited behavior(s) and the names of any potential student or staff witness. The school staff member or administrator who receives the informal complaint promptly documents the complaint in writing, including the above information. This written report by the school staff member and/or administrator is promptly forwarded to the building principal/designee for review and action.

3. Anonymous Complaints

Students who make informal complaints as set forth above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. The anonymous complaint is reviewed and reasonable action is taken to address the situation, to the extent such action (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of hazing, bullying **and/or dating violence**.

HEALTH SERVICES

Health services are provided by a licensed school nurse. Services include the provision of care for acute illness and injury, case management for students with chronic illnesses, health screenings and referrals, medication administration, and health promotion. Students are required to have a pass from their teacher to visit the health clinic. Students needing to go home during school hours due to illness or injury are to see the nurse first and parents will then be contacted. Parents are responsible for keeping the school informed of any changes in emergency contact numbers so that they may be reached quickly in the event of an emergency or illness. In the event that parents cannot be reached, contacts listed on the emergency medical form will be called.

Students may receive medications that they need to take during school hours in the clinic with written permission from the physician or licensed provider and the parent. A *Medication Request Form* can be downloaded at the Kings Local website under forms and is also available in the office. **By Kings School Board Policy, written permission must be received from the physician or licensed provider and the parent/guardian before any medications, prescription or nonprescription (over-the-counter), may be administered.** Self-Carry medications are allowed when appropriate, as in the case of students with asthma requiring prompt treatment with inhalers. The authority to self-carry must be noted on the Medication Request Form. All other medications will be kept in the health clinic. Parents are responsible for bringing and picking up their child's medication to and from school. Students are not allowed to have medication on their person at any time except for self-carry medication authorized by the school.

New students, by law, must show proof of an up-to-date immunization record within two weeks of admission. All incoming 7th graders are required to have a Tdap or Adacel booster vaccine. Any 7th grade student without this vaccine will be excluded from attending school.

The health clinic is located in the junior high school across from the main office in the A Hallway. The nurse may be reached at extension 11091 for any concerns or questions.

MAKE-UP WORK

Teachers will send home make-up work to those students who are going to be absent three or more days. Parents should call the school and request the team to provide homework if they anticipate their child will be out for a sustained period of time. You may leave a message with the school secretary, and she will hand it over to the team leader. We must have a reasonable amount of time to gather assignments. Students who have an excused absence will be given an opportunity to make up all work missed. It is the student's responsibility to acquire the work upon his / her return. Make-up work and tests will be worked out between the teacher and the student.

MAKE-UP WORK – STUDENT (EXTENDED ABSENCE)

In order for teachers to adequately plan assignments, whenever a student knows in advance that they will be absent from school for an extended period of time, they will do the following:

1. Present a written request to be absent to the principal at least five (5) days in advance of the absence. The request shall stipulate the reason for the requested absence and be signed by parent/guardian. The student will have the note signed by the principal or counselor and then show it to each teacher. The attendance secretary should also receive a copy of the note with the dates the student will not be in school for attendance purposes. It is the student's responsibility to acquire the work prior to the extended absence. Homework assignments are due upon the day of return to school unless there are medical reasons why a student cannot complete the assigned work.
2. Tests are to be made up after a reasonable amount of time.
3. Remember that if a student has been absent for over eight accumulated days, any further absences are unexcused unless we receive a note from a doctor or dentist. Vacations with families are unexcused if the student has missed eight or more days.

MAKE-UP WORK – RETURN TO SCHOOL

A student shall be given the opportunity to do make-up work. If an assignment is given when the student is in school and the student is absent on the due date, the assignment is due when the student returns to school. It is the responsibility of the student to contact his/her teachers and request make-up work. Students are responsible for seeing that all work is made up, completed, and submitted in a timely fashion. Make-up work will be given at the teachers' convenience within two days after the student returns to school.

Students will have the same amount of days of their excused absences to make up the work. The principal can extend the number of days allowed for make-up work for a lengthy student absence with extenuating circumstances. A single missed test is required to be made up on the same day of the student's return.

MEDIA CENTER STUDENT POLICY

The fully functional media center is open throughout the school day. Arrangements must be made with Media Specialist/Aide and/or teacher.

Checking out materials

1. Students must show their Kings ID cards to check out materials.
2. Student may have up to four materials checked out at a time.
3. Materials may be used for two weeks. At the end of this time, the materials should either be returned or renewed.

4. Students are charged for lost or damaged materials.

Proper media center behavior:

1. All school rules apply. Students are not permitted to chew gum or objects, eat food of any kind, or drink while in the media center.
2. Students must read or do school-related work.
3. Talking is disruptive.
4. Removal of materials without proper checkout or removal of security tags or placement of these tags in inappropriate areas will result in disciplinary action.

MEDICATION – KINGS LOCAL POLICY

Medication administration at school may be necessary in order for a student to attend school on a regular basis or benefit from the educational program. If possible, all medication should be given by the parent/guardian at home. If this is not possible, it is done in compliance with the following.

1. The school nurse or an appropriate person appointed by the Board supervises the secure storage and dispensation of medications. A locked cabinet is provided for the storage of the medication. Accurate records of medications given must be kept.
2. Written permission must be received from the **physician or licensed provider** and the **parent/guardian** before any medications, **prescription or nonprescription**, may be administered by school personnel.
3. This written request must include instructions as to the name of the medication, dosage, time of dosage, duration of the medication and possible side effects. This written request will be valid for the present school year or until discontinued.
4. The parent/guardian must agree to submit a revised statement, signed by the physician or other licensed provider who prescribed the drug, to the nurse or other designated individual if any of the information originally provided by the physician or licensed provider changes.
5. The medication must be received in the original pharmacy-labeled or manufacturer's container with the student's name clearly noted.
6. Medications should be brought to school by the parent/guardian or a designated responsible adult.
7. Students may self-carry and/or use prescribed inhalers for asthma, or any prescribed emergency medications such as, but not limited to, Glucagon, Epipen, or Diastat as long as written approval for self-carry is received from the parent/guardian and prescribing physician or licensed provider. This written approval would allow the student to self-carry emergency meds at school or at any school sponsored activity, event or program.
8. Alternative method: The parent may choose to schedule medication before and after school or to bring the medication to school and administer it personally during the student's lunch or recess. This may be more convenient when a child needs medicine on a short-term basis, such as antibiotics, cold medicine, etc.

ORGANIZATIONAL ISSUES

Each Team will develop and communicate their policies and procedures.

When dropping off a student for school, they should be dropped in the parking lot "Drop Off Zone" in front of the junior high school. 3. Handing in work for one class, which was handed in for credit for another class without permission of both teachers.
4. Presenting someone else's work as your own work.
5. Copying or buying work from on-line or other professional sources.

UNINTENTIONAL PLAGIARISM IS STILL PLAGIARISM.

PLAGIARISM - CONSEQUENCES AT KJH

First offense – A grade of "0" will be recorded for the work and parents/guardians will be notified.

Second offense – A grade of "0" will be recorded for the work. The student and his parents/guardians will meet for a conference with an administrator, the student's counselor, and the teacher.

Third Offense – will be left to the discretion of administration.

POLICY MANUAL

School district School Board Policy Manual is located in the Learning Commons. Any person wishing to review this manual can make an appointment with our Media Specialist.

PROGRESS BOOK

This is a valuable communication tool which allows students and parents to stay current on student progress. This is provided to all of our families and students with internet access. Please contact the school office with any questions.

RESOLVING A PROBLEM AND/OR CONCERN

The most effective way for parents/guardians to address problems and concerns about their children and/or instructional or extracurricular activities is by following the chain of command. The chain of command will normally be as follows:

- 1st Step Teacher, coach or activity sponsor
- 2nd Step Building principal, assistant principal or athletic director
- 3rd Step Superintendent's Office
- 4th Step Board of Education

The classroom teacher, coach or activity sponsor should be the first to answer questions.

REPORT CARDS

Interim reports are approximate grades, as teachers do not necessarily calculate exact averages. If you are concerned about your son or daughter's grades and wish weekly information, please contact your team leader and / or guidance counselor. Please consider going over assignment books with your child daily; this may provide the encouragement students need to keep up with assignments.

REPORT CARDS

Grade reports will be available electronically at the end of each grading period. If you need a paper copy, please speak to one of our administrative assistants in the front office.

STUDENT SEARCHES

Pursuant to section 3313.2 of the revised code, in order to maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers or a student's automobile under the circumstances outlined below and may seize any illegal, unauthorized or contraband materials discovered in the search. A student's failure to cooperate or permit searches and seizures as provided in this policy will be considered grounds for disciplinary action.

Definitions – for purposes of policy and these administrative procedures, the following definitions are applicable.

“Contraband” is all substances and materials, the presence of which is prohibited by school policy or state law, including but not limited to, controlled substances, drugs, alcohol or alcoholic beverages, inhaled glue or aerosol paint, guns, knives, weapons and incendiary devices.

“Reasonable suspicion” is the standard for a search on school property or at school related events which is based on the school official's specific reasonable inference which he or she is entitled to draw from the facts and information at hand, in light of the school official's experience. Specific reasonable inferences may be drawn from information including, but not limited to, a tip from a reliable student, suspicious behavior which suggests that contraband is present, a smell indicating the presence of the contraband, a bulge in a pocket, or similar appearance justifying a reasonable suspicion. Reasonable suspicion should not be based on a mere hunch.

- 1. School Property** – student lockers, desk and other such property are owned by the school. The school exercises exclusive control over the school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks and lockers issued to them by the school and required to cooperate with school officials to allow entry or access to them.
- 2. Locker searches** – student lockers and school owned storage facilities are subject to search at any time without regard to whether there is reasonable suspicion that the contents include evidence of violation of a criminal statute or school rule.
- 3. Automobile searches** – automobiles on school property are subject to search by a school official if a school official has reasonable suspicion to believe that contraband is in or on the automobile. School parking areas are school property and regarded as school premises. Students are permitted to park on school premises as a matter of privilege, not of right. This extends to vehicles parked on public property near the school if the vehicle is left in that location for the intent of attending school.
- 4. Personal searches** – a student's person and/or personal effects (e.g., purse, book bag, etc.) may be searched whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials, contraband, or has used the item to participate in another violation of the student code of conduct with regard to harassment/bullying, academic dishonesty, or other prohibited activities. If a pat-down of a student's person is conducted, it will be conducted in private by a school official of the same sex with an adult and witness of the same sex present, when feasible. If extreme emergency conditions require a more intrusive search of a student's person such a search may only be conducted in private by a school official of the same sex, with an adult witness of the same sex present, and only upon the prior approval of the superintendent or his designee, unless the health or safety of the student will be endangered by the delay which might be caused by following this protocol. Under no circumstances shall a student be subject to a body-cavity search by a school employee. In emergency conditions requiring a more intrusive search of the student's person, administrators, if possible, will attempt to notify the parents; provided, however, that the presence of one or more of the pupil's parents is not a prerequisite for proceeding with the search.
- 5. Application of policy** – school officials are empowered to conduct reasonable searches of students and school property when there is reasonable suspicion to believe that students may be in possession of drugs, weapons, alcohol and other materials (“contraband”) in violation of school policy or state law. Students reasonably suspected of having possession of contraband may be searched in order to secure the school environment so learning can take place to protect other students from any potentially harmful effects stemming from the contraband. School property shall remain under the control of school officials, and shall be subject to search. The administration may also utilize canines and metal detectors (magnetometers).
- 6. Use of canines** – the administration is authorized to utilize canines whose reliability and accuracy for detecting contraband has been established to aid in the search for contraband in school owned property and automobiles parked on school property. The canines must be accompanied by a qualified and authorized trainer who will be responsible for the dog's actions. An indication by the dog that contraband is present on school property or an automobile shall constitute reasonable suspicion for a further search by school officials.
- 7. Use of metal detectors (magnetometers)** – weapons of any nature on school property or at school functions are prohibited by school policy and state law. The presence of weapons is inherently dangerous to all persons in the school setting. When the administration has

reasonable suspicion to believe that weapons may be present or when there has been a pattern of weapons found at school or when violence involving weapons has occurred at the school, the administration is authorized to use stationary or mobile metal detectors.

SCHOOL TELEPHONE

Students may use the office telephone, with the permission of office staff, to call parents. If the student is not feeling well, they must see the School Nurse before calling home.

STATE TESTING

Several state tests will be administered based on state mandates. Students in 7th Grade will take tests in Reading and Math. Students in 8th grade will take Reading, Math, and Science. Parents will be notified, during the 2019-20 school year, of the dates and any changes in this the testing schedule which is determined by the State Department of Education. Parents will receive results of this testing with a narrative report from the testing company in the fall.

STUDENT CODE OF CONDUCT

District administrators, principals, teachers, substitute teachers, teachers' aides, student teachers, office personnel, bus drivers, custodians, cooks or any authorized school personnel have a right to make and establish reasonable rules/regulations/procedures/requests (hereafter referred to as rules) which are to be followed in order to guarantee each student the excellent climate they deserve. This handbook is part of those rules. Violation on the part of a student of any one or more of the rules may result in disciplinary action; including (but not restricted to): student conference, parent conference, denial of privilege(s), restrictions placed, payment for damages, detention(s) (study/work), in-school discipline, confiscation, suspension, emergency removal, involvement of the proper legal authorities and/or expulsion, removal from extracurricular activities. Counseling may be required (on its own or in conjunction with any of the above). Penalties will increase in severity for repeated violations of school rules and regulations.

STUDENT PLAN BOOKS

Students will receive a plan book at the beginning of the year. We are hoping to help build important organizational skills and hope to have good cooperation. Parents should be able to tell student progress by looking at these plan books. Student hall passes are also found in the plan book and should not be removed. Students will not be issued a hall pass from class unless they have their planner. These hall passes are not to be shared with other students. No student should be in the halls without a hall pass except when changing classes. (See "Hall Passes") Failure to show a hall pass or planner could result in a referral to the assistant principal's office for not following instructions. The cost of replacement planners is \$5.00.

STUDENT RECORDS

Student records are confidential and protected by the "privacy act." Only school staff and the child's natural parents or legal guardians have access to the records. Directory information on the child is not protected by the "privacy act." Directory information includes name, address, phone number, age, weight, etc. Parents may request that the school not release this data. The only groups with whom we have shared this information is the athletic and band boosters and P.T.O.

STUDENT RECORDS – PARENT ACCESS

Parents requesting access to their child's records must be granted access within 45 days of the request. Parents have the right to receive copies of their child's record. Parents have the right to a response from school officials to reasonable requests for explanations and interpretations of those records. In addition, they have the right to an opportunity for a hearing to challenge the contents of those records. Divorce or change in custody does not change the rights of a natural parent to his/her child's records. A non-custodial parent may request and receive a copy of the child's report card, the permanent record, and the opportunity to hold a teacher conference. Only the custodial parent has the right to make educational decisions requested by the school. Step-parents have no rights to records, reports, or conferences unless the custodial parent confers these rights on them.

STUDENT RIGHTS AND DUE PROCESS

Recent court decisions across the country have held that the right to an education is a fundamental right. Certain procedures must be followed before a student can be denied this right. The state of Ohio has laws collectively known as "Student Due Process Law" which set out the circumstances and procedures under which a student may be denied school attendance. Full details of the rules, regulations and due process procedure of the Kings Local School District are available to parents, guardians, or students in the office of each school in the district and at the superintendent's office.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like are tempting targets for theft and extortion. The school cannot be responsible for their safekeeping and will not be liable for loss or damage to personal valuables.

SUBSTANCE ABUSE POLICY - DRUGS AND ALCOHOL

Underlying reasons for policy:

Because the use of drugs, alcohol, and other chemicals among young people has become a major problem in our county and because the use and availability of these substances on school campuses interferes with the educational process, this policy is adopted and implemented. The policy is designed to help remove the influence of drugs, alcohol and other chemicals from the school environment. While the family has the primary responsibility for the treatment of chemical abuse as a health problem, the Board recognizes that the schools have a responsibility to advise parent/guardians of instances when chemical use by a student is witnessed or discovered. The Board shares the family concerns as they deal with this problem because of the adverse effect that chemical abuse has on the individual, the family, the school environment, and the educational process. For this reason, and because the Board is responsible for providing a climate conducive to learning, the Board has authorized the superintendent, principals, and appropriate staff members to develop and implement rules and regulations to carry out this policy and to provide appropriate prevention and intervention programs for our students. It is also the intent of the Board to provide students, staff members, both classified and certified, and community members with an educational program which is preventative in nature, designed to help students and staff who are having problems related to drugs or alcohol.

Therefore, the district will maintain a K-12 drug and alcohol prevention curriculum, develop and maintain a system of identification and referral, keep the community aware of the problems in the district and the approaches being used by the district for combating substance abuse and establish working relationships with community groups to help address the issues of chemical abuse.

Educational Diversion Program

Students expelled for a first offense in accordance with the above policy, except students expelled for selling, supplying, or trafficking in prohibited substances, upon completion of their ten-day suspension, shall be eligible to return to school upon recommendation of the principal based upon the following factors:

- a. The results of an evaluation of the student by a trained and appropriately certified/licensed chemical dependency professional. The student may be re-admitted to school prior to this evaluation occurs provided that the school is presented with verification in writing from the agency that an evaluation is scheduled and is pending. These results and any subsequent recommendations will be put into writing and forwarded to the appropriate school administrator.
- b. Drug screening from a qualified licensed agency (administrative approval required), which must follow the required chain of custody and must be completed within 24 hours of the initial disciplinary action.
- c. A written statement to the principal from the student and parents outlining definite plan for follow-up. The plan must include a commitment to follow the recommendations of the chemical dependency professional completing the evaluation.
- d. The student and parent's commitment to participate in a prescribed program by the chemical dependency professional and school.
- e. A conference and discussion between the delegated school district administrator, the parents, and the student to outline the conditions which must be adhered to if the student is to again become a member of the student body will be conducted after the items outlined in above items a, b, c, and d have been received by the principal. This conference will determine whether the student and parent(s) have satisfied the above factors and whether the attendance of the student, upon readmission, would be disruptive to the school

program and might interfere with the orderly conduct of the school. Having made these determinations, the principal will take appropriate action to waive or not waive the balance of said expulsion in their absolute discretion.

- f. If the school administrator determines that the student or parent(s) failed to complete the prescribed program, the student's expulsion shall be immediately reinstated. If necessary to insure that the student serve the full original term of the expulsion, the superintendent may extend the expulsion into the next school year. The student and parent(s) shall have the right to appeal a determination under this section to the superintendent, or his designee, and the Board of Education.
- g. A second or subsequent offense occurring at any time during the student's enrollment in the district shall result in a recommendation for expulsion by the principal to the superintendent.

TEACHER AUTHORITY

Every student is under the jurisdiction of all teachers, substitute teachers, aides, secretaries, custodians, bus drivers, and all school employees (on school property at all times) regardless of whether that teacher has the student in class. Students should view all adults employed by the school as an authority figure. Failure to do so could result in consequence.

TEXTBOOK RESPONSIBILITIES

Students are responsible for their own textbooks and workbooks. If they lose these, they must pay for replacements. Please encourage your child to not give others the combination to his/her locker. This assures a student that their items are secure in his/her locker.

TRANSFERS

Students can be transferred from one class to another at the teacher's request. This may be done for academic or disciplinary reasons. If a parent would like the school personnel to consider any student movement, please make requests to the guidance counselor. We will discuss new placement at the next teachers' meeting. Movement will not take place without a consensus. Other moves will be made if the staff and administration feel it to be to the benefit to all students involved.

Students are prohibited from possessing/bringing a firearm on school property, in a school vehicle or to any school-sponsored activity. If a student brings a firearm on school property, in a school vehicle, or to any school activity, the superintendent shall expel this student from school for a period of one calendar year. Any such expulsion shall extend, as necessary, into the school year following the school year in which the incident occurred. The superintendent may reduce this requirement on a case-by-case basis in accordance with State Law.

Students are also prohibited from possessing/bringing knives on school property, in a school vehicle or to any school activity. The definition of a knife includes, but is not limited to, a cutting instrument consisting of a sharp blade fastened to a handle.
