

New Student Math Placement Tests will be conducted on Friday, August 4th at 9am and 1pm. The math placement test is only for students who are accelerated and wish to continue their accelerated math track at Kings Junior High School. Students taking grade level math do not need to take the math placement test. If you are unsure if your child should take the math placement test, please talk with your grade level counselor upon their return in August or you can email them at:

7th Grade - Erin Hackman ehackman@kingslocal.net
8th Grade - Megan Apple mapple@kingslocal.net
